REDUCTION IN PRICES!

McK. & R. QUININE PILLS.

Our prices are subject to change without notice.

On account of the more settled condition of the bark and quinine markets, since the advance on February 29th, we are happy to announce the following reductions in the list of our quinine pills :

Bi-Sulphate Quinine.	100	500
1 grain	80	3 80
1½ grains	1 20	5 80
2 grains	1 45	7 05
3 grains	2 20	10 80
4 grains	2 90	14 30
5 grains	3 60	17 80

Sulphate Quinine.	100	500
1 grain	85	4 05
1½ grains	1 25	6 05
2 grains	1 60	7 80
3 grains	2 40	11 80
4 grains	3 20	15 80
5 grains	4 00	19 80

"Hospital Quinine."	100	500
1 grain	70	5 30
1½ grains	1 05	5 05
2 grains	1 30	6 30
3 grains	1 95	9 55
4 grains	2 60	12 80
5 grains	3 25	16 05

Sulphate Cinchonidine.	100	500
1 grain	50	2 30
2 grains	85	4 05
3 grains	1 30	6 30
4 grains	1 70	8 30
5 grains	2 15	10 55

CAUTION!—Other pills than ours are sometimes dispensed by druggists from our bottles, as McK. & R. pills, a practice which is certainly reprehensible, and, as we are advised, actionable.

Yours respectfully,

McKESSON & ROBBINS.

NEW YORK, **March 10,** 1884.

McKESSON & ROBBINS'

POWDERED DRUGS.

In 1-lb. Cans. Cans Included in Price.

These powders are put up in one pound cans, making very neat and attractive shelf packages, see page 94.

CINCHONA BARKS.

SELECTED WHOLE AND POWDERED AND LABELED WITH THEIR
RESPECTIVE ASSAYS.

Calisaya Bark, Quill,

CULTIVATED—Containing 6 per cent. Total Alkaloids, over
2 per cent. being Quinine.

Cinchona Bark, Bolivia,

Containing over 3 per cent. Total Alkaloids.

Red Bark, True Quill,

Cinchona rubra, Cultivated.—Containing 6 per cent.
Total Alkaloids, over 2 per cent. being Quinine.

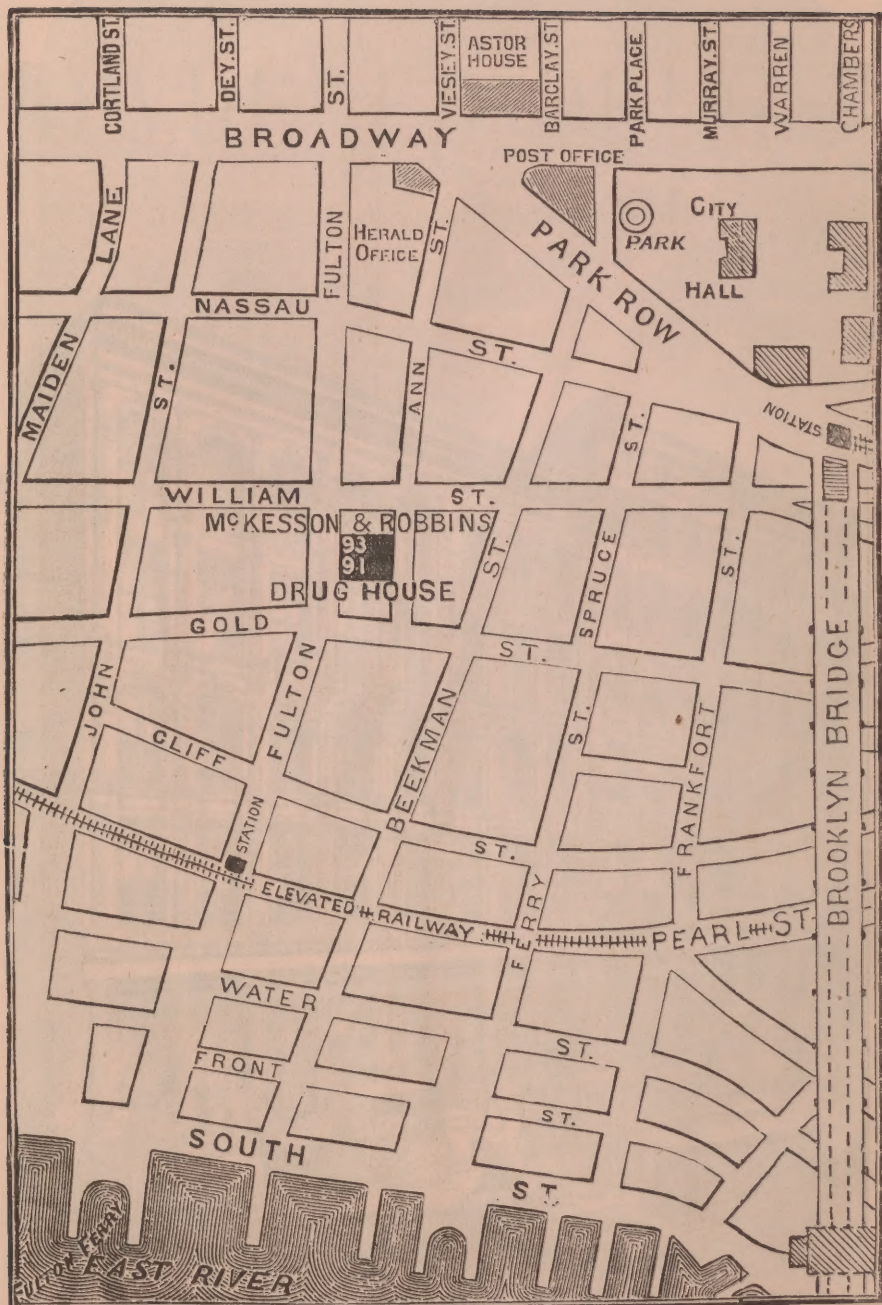

Cinchona Bark, Cuprea,

Containing $4\frac{1}{2}$ per cent. Total Alkaloids,
 $2\frac{1}{2}$ per cent. being Quinine.

Red Bark, "R."

Cinchona—Containing 3 per cent.
Total Alkaloids.

Celluloid Brushes, Combs, Mirrors, and Puff Boxes, see Druggists' Sundries, Introduction, next page.

INTRODUCTION.

WE take pleasure in submitting our SPRING LIST OF PRICES.

DRUGS.—The first sixty-two pages are printed somewhat in the form of a price-book, so that changes in prices, which we shall endeavor to furnish from time to time, or other memoranda may be inserted on a line with each article.

CHEMICALS AND PHARMACEUTICALS.—We are constantly enlarging our lines of Chemical and Pharmaceutical Preparations, and invite attention to their reliability. Our production of Sulphate of Morphine, Sulphate of Quinine, Bi-Sulphate of Quinine, Sulphate of Cinchonidine, and other Cinchona Alkaloids has been largely increased. Attention is called to our scale preparations of Citrate of Iron, Citrate Iron and Quinine, both soluble and U. S. P., Pyrophosphate of Iron, Phosphate of Iron, &c., &c. See McK. & R.'s list of Powdered Extracts, page 75; Oleates, page 77, and Pepsin, page 77. Our FLUID EXTRACTS are universally liked by Druggists and Physicians, and no pains or care will be spared to merit the approbation they have received. Our GELATINE-COATED PILLS are now extensively introduced, and fully deserve the encomiums pronounced upon them; the list has been largely increased. See pages 78 to 87.

We would remark that several imitations of our Pills are offered in market, and we caution the trade, when ordering from other wholesale houses, TO SPECIFY MCK. & R.

See remarks on Substitution of pills, page 63. The value in and reputation of Gelatine-Coated Pills have been created by our manufacture and advertisement, and these well known facts should be respected by the trade and profession.

DRUGGISTS' SUNDRIES, SPONGES, &c.—On pages 128 and 129 we submit some changes in the price list of this department in our last years' prices—current which should be preserved. There has been a considerable reduction in net cost of celluloid brushes, combs, mirrors, and puff boxes, full benefit of which will be given our customers, on their orders.

TERMS.—Prices will be subject to future market variations; and all quotations are *net*, except where discounts are specified. ASSORTED INVOICES will be sold payable within 30 days, in New York, or interest will be charged at six per cent. per annum, after 30 days, and draft made payable at 60 days from date of shipment, unless otherwise arranged. A discount of one per cent. for cash, will be allowed whenever remittance accompanies order. SPECIAL ORDERS for goods, not embraced in our usual catalogue, as also articles, which are marked *cash*, will be filled at manufacturers' prices for cash only, payable on receipt of invoice.

PACKING BOXES AND CARTAGE FREE.—The practice of discriminating, in this respect, in favor of certain customers, which has become more or less general in the trade, is not according to good principles, and we propose to make no charge for packing boxes and cartage, FOR ASSORTED GOODS, to customers sending orders, at the same time our prices will always be as low as quantities ordered and quality will allow. This will not apply to 25 and 50 lb. packages, for which it is the custom of the trade to charge, patent cans and cases, kegs and half barrels, barrels for Chalk, Whiting, cases and barrels for Glassware, when such charges are made by manufacturers, &c., nor to orders sold through Brokers.

We have been so grossly misrepresented respecting our action to secure uniformity in the trade, in regard to charges for packing boxes and cartage, our circulars acquainting our customers of this determination having been garbled and distorted, that we print above, for the edification of those desirous of learning the facts, the exact text of the card giving notice of our new rule, reversing our former custom to make such charges. It is very well known that for several years, some houses in the trade have never charged for cartage "because they owned their horses," others have "thrown in" boxes, probably because they owned (paid for) their boxes, some have waived both, others have charged "unless specially asked," *not to*, by the buyer, and a few other firms have, until lately, charged for both, only to have some of their largest and closest trade deduct such charges from their statements in remitting, with the terse note, "Mess. A. B. or C. never charge us for boxes and cartage." By making packing cases and cartage on assorted invoices free, customers are treated fairly, the non-complaining as well as the complaining; and gradually and surely the custom is becoming more and more general in the trade, although we regret to see the bad grace, with which some houses fall into line, particularly those who have been notorious in offering some customers, no larger buyers than many not so favored, various concessions as "baits." We earnestly desire honesty and uniformity in trade usages.

In conclusion, we beg to say we have been as definite as possible in describing the varieties of particular articles, as also the forms in which the same are usually sold, to prevent misunderstanding in regard to quality or prices; and we shall be happy to furnish goods (of strictly reliable character, put up with promptness in the best style of execution), *in any quantities desired*, on such terms as will merit a continued patronage.

CORRESPONDENTS MAY RELY UPON THE PROMPT EXECUTION OF THEIR ORDERS FOR GOODS IN QUANTITY, AS WELL AS RARE ARTICLES, PERTAINING TO EVERY BRANCH OF THE BUSINESS, AS IT IS WELL KNOWN THAT WE CARRY IN STOCK THE LARGEST AND MOST COMPLETE ASSORTMENT IN THE TRADE.

We remain, soliciting your orders for goods, or for quotations for specified quantities, which will receive careful and prompt attention, with all the advantages which the quantity ordered and the market will permit,

Very respectfully yours,

McKESSON & ROBBINS.

MARCH, 1884.

McKESSON & ROBBINS,

Manufacturing Chemists, New York.

We are now manufacturing Quinine and Cinchonidine extensively, and can offer the following salts of assured purity and excellence.

We have been much gratified by the complimentary reports, regarding the appearance and quality of our Cinchona Alkaloids, received from both druggists and physicians.

We have greatly increased our facilities for manufacturing Cinchona products, and are now next to the largest manufacturers in America.

McK. & R. Sulphate of Quinine.

WHITE IN COLOR. BEAUTIFUL IN CRYSTALLIZATION.

NINE-OUNCE BOTTLE REQUIRED TO HOLD ONE OUNCE.

The following test is attached to the label of every ounce of Sulphate of Quinine issued by us, and comparison of our Quinine may be made with any other brand in the market :

To test the purity of SULPHATE OF QUININE put one gramme of the Quinine into a tube with six grammes of Concentrated Sulphuric Ether, and two grammes Liq. Ammon., when the Quinine, if pure, will be entirely dissolved.

McK. & R. BI-SULPHATE OF QUININE.

Peculiarly fine crystals; should be prescribed in pills and powders in preference to the Sulphate, on account of its ready solubility, requiring only 10 parts of water instead of 740. Specify McK. & R.

Our BI-SULPHATE QUININE PILLS are about 10% LOWER THAN SULPHATE in price.

McK. & R. Sulphate of Morphine,

In 1-8 and 1 oz. Vials.

OUR OWN MANUFACTURE. VERY WHITE AND LIGHT.

McK. & R. SULPHATE OF CINCHONIDINE.

White Color. Definite Crystals.

SEVEN-OUNCE BOTTLE REQUIRED TO HOLD ONE OUNCE.

IN ORDERING OF OTHER WHOLESALE HOUSES

SPECIFY McK. & R.'s

Morphine, Quinine, Bi-Sulphate of Quinine, Cinchonidine, &c.

MEDICINAL AND TECHNICAL DRUGS, CHEMICAL AND PHARMACEUTICAL PREPARATIONS.

This book, being intended for a commercial list of prices of goods, in regular and occasional demand, is compiled and arranged with this view. It is not deemed advisable to encumber it with articles seldom inquired for, but we will always be happy to furnish any crude obtainable, or manufacture any pharmaceutical or chemical preparation, which cannot be supplied from our stock or in our market.

We give special attention to supplying new stocks. Our large and complete assortment enables us to fill such orders entire, and give satisfaction in price and quality.

Extracts, Eclectic, Concentrated, see list, Page 117.

EXTRACTS, FLAVORING, MCK. & R.'s, see Page 69.

EXTRACTS, FLAVORING, THOMAS', see Page 69.

EXTRACTS, FLUID, MCKESSON & ROBBINS', see P. 70.

These Extracts are prepared by cold re-percolation, thereby avoiding the effect of heat and exposure to the air, which impair those active principles in which the virtues of all vegetable remedies consist. By experience we have determined the greater efficacy of different menstrua in the exhaustion of the virtues of different drugs; in some, glycerin being a valuable adjunct to the alcohol—in others, objectionable. Each drug is carefully studied by itself, and great care is taken that each lot of the same extract should be uniform with the preceding, the specific gravity, where the same menstruum is used, being a test. The process that we employ has been endorsed by the leading Pharmaceutical journals and by our best chemists, and every thinking Pharmacist will readily acknowledge the danger of applying heat to medicinal drugs. Formulas for making Syrups, Tinctures, &c., from our Fluid Extracts, are printed on the labels.

EXTRACTS, PERFUMERY, McKesson & Robbins', in

16 & 8 fluid oz. Ball Glass-Stop. Bottles.

The bottles contain 16 fluid ozs. by measure, instead of 1 lb. and 1-2 lb., as formerly. Price includes bottles and stamps. For illustration of Bottle, see second page of cover.

EXTRACTS, SOLID, AMER., ENGLISH AND GERMAN.

NOTE.—Many of the German powdered Extracts run together, but are brittle and easily re-powdered. If desired FREE, powdered extracts containing sufficient quantity of powdered Sugar of Milk, or other harmless and soluble substance, to make the strength equivalent to the Solid Extract, will be furnished. See page 75. See Abstracts, McK. & R., page 65.

These Juices are pronounced superior to anything of the kind ever offered in market, retaining the flavor of the fruit, and free from any danger of fermentation; they are manufactured in our laboratory, and we can guarantee that no Ethers, nor any injurious substances whatever, enter into their composition. The operation of preparing the Syrups for Soda Water consists merely in the admixture of one part of the Juice to seven parts of Simple Syrup, no addition of Citric Acid nor coloring matter being necessary.

By a method of our own, we now obtain this salt absolutely pure, free from the red iodide or metallic mercury; and in PERFECTLY IMPALPABLE POWDER. The advantage of this must be apparent to every physician; in fact, we have received abundant testimony as to the great superiority of the new preparation, and our vastly increased sales are additional proof. The irritation of the stomach so frequently caused by the ordinary salt is no doubt due to impurity, such as red iodide, and is not observed in the use of our protiodide. We will furnish samples of the granules or of the salt on application. See page 83. Caution! Specify McK. & R.

OILS, ESSENTIAL, Note:—We would call special attention to our essential oils, which are selected and tested with the greatest care, the finest qualities of both medicinal and technical oils being offered in the following list. Our extended connections, both in home and foreign markets, give us unusual facilities in selection of qualities and in prices, the advantages of which we can offer to our customers. Whether Castor, Cod Liver, or Croton Oils are required for Medicine; Lemon, Peppermint, or Wintergreen, for Flavoring Extracts; Bergamot, Neroli, or Rose for Perfumery: it should be regarded as an axiom—"the best is always the cheapest."

PILLS, GEL.-COATED, McK. & R.'s, see P. 78-88.

These Pills have deservedly met with approval from all who have used them, and are unexcelled for reliability and solubility.

SUBSTITUTION.—“Caution!—Other Pills than ours are sometimes dispensed by druggists from our bottles, as McK. & R. Pills, a practice which is certainly reprehensible, and, as we are advised, actionable.”

The above caution has appeared at the bottom of our Pill lists for some time past, and for several months we have been collecting evidence against druggists who have substituted other Quinine Pills in filling prescriptions, on which McK. & R. was distinctly specified. The shape of such substitutions sometimes resembles McK. & R.'s, but the Pills are distinguishable from those made by McK. & R. by close external comparison. We print (page 88) careful analyses of some such substitutions, at present withholding the names of the manufacturers and retailers who are guilty of such dishonesty. We propose to continue this scrutiny and examination, and if this course is persisted in, we shall feel constrained, in the interest of ourselves and other reliable manufacturers, the medical profession and the public, to announce the names of those implicated, and take proper action in the premises.

SPECIAL NOTICE.—Our attention has been called to the fact that machines for coating pills with gelatine, which we consider infringements on our machinery, have been offered to the trade. We desire to CAUTION ALL PERSONS AGAINST PURCHASING, SELLING OR USING the same, as we intend to bring suit against all infringers. Referring to our suits against A. F. W. Neynaber and others for infringement on our patent for Gelatine-Coating, we take pleasure in stating that Judge Blatchford has decided these cases in our favor.

The value in and reputation of Gelatine-Coated Pills have been created by our manufacture and advertisement, and these well-known facts should be respected by the trade. We claim that McKesson & Robbins' Bi-SULPHATE OF QUININE PILLS are more soluble and more readily assimilated than SULPHATE OF QUININE taken in powder, and have lately strongly urged their general use. The demand has largely increased, and experience has justified our further claim that on account of PROMPT ACTION and PERFECT SOLUBILITY, Bi-SULPHATE OF QUININE, although containing less of the Quinine Alkaloid, is MORE EFFICACIOUS, dose for dose, than Sulphate of Quinine. Bi-Sulphate of Quinine was formerly sold 50 and even 75 cents per oz. higher than the Sulphate, but we have brought the price of McKesson & Robbins' beautifully white and uniform crystals to the same figure as the Sulphate; and were it not for the greater difficulty attending the crystallization of the former for the market, due to its ready solubility, it could be sold lower than the Sulphate. We have deemed it advisable, in order to facilitate their general introduction, to REDUCE PRICES of our Bi-SULPHATE OF QUININE PILLS below those of the Sulphate, and have no doubt that their sale will be largely increased. We would particularly request that McK. & R.'s Bi-SULPHATE QUININE PILLS be specified. Many so-called Bi-Sulphate Quinine Pills offered in market are not made of true Bi-Sulphate Quinine.

Very respectfully,

McKESSON & ROBBINS.

This product, which has been used with great success in many of our public institutions, is not a simple mixture of the Sulphates of Cinchonidine and Quinine, but the result of the concentration and crystallization of the mother-liquors, used in successive crystallizations, (usually four), in which there is carried with the salts of Cinchonidine and Quinine, to be eliminated, a nearly equal amount of Quinine. We shall not determine the exact proportion of Quinine and Cinchonidine, as we deem this unnecessary; but our "Hospital Quinine" will be carefully tested in mother-waters, and the standard raised to fifty per cent. by the addition of Sulphate of Quinine, if necessary.

SUBSTITUTION.

"CAUTION.—Other Pills than ours are sometimes dispensed by druggists from our bottles, as McK. & R. Pills, a practice which is certainly reprehensible, and, as we are advised, actionable."

The above caution has appeared at the bottom of our Pill lists for some time past, and for several months we have been collecting evidence against druggists who have substituted other Quinine Pills in filling prescriptions, on which McK. & R. was distinctly specified.

The shape of such substitutions resembles McK. & R.'s, but the Pills are distinguishable from those made by McK. & R. by close external comparison.

We print below careful analyses of some such substitutions, at present withholding the names of the manufacturers and retailers who are guilty of such dishonesty. We propose to continue this scrutiny and examination, and if this course is persisted in, we shall feel constrained, in the interest of ourselves and other reliable manufacturers, the medical profession and the public, to announce the names of those implicated and take proper action in the premises.

Analysis of original bottle of 100 "2 gr. Sulph. Quinine Pills," with manufacturers' name attached, supplied by a wholesale drug house, when 100 2 gr. G. C. Quinine Pills were ordered by retailer without specifying brand. 10 Pills contained 15.4 grs. of Quinine Sulphate, or 1.54 grs. each, being 23 % short.

(The balance of the above and another original bottle of the same brand, purchased about the same time, are retained by McK. & R.)

Analysis of ten Pills (not McK. & R.) dispensed by a druggist upon a prescription specifying "McK. & R. 2 gr. Sulph. Quinine Pills."

The ten Pills contained 14.7 grs. Quinine Sulph., or 1.47 grs. each, being 26½ % short.

Analysis of another lot by the same maker as the above, obtained from an out-of-town druggist.

Ten Pills contained 12.9 grs. Quinine Sulph., or 1.29 grs. each, being 35½ % short.

Analysis of Pills (not McK. & R.) dispensed by a New York City retailer, when McK. & R. 2 gr. Sulph. Quinine Pills were specified.

Ten Pills contained 15.7 grs. Sulph. Quinine, or 1.57 grs. each, being 21½ % short.

Analyses of various sizes of Quinine Pills made in imitation of McK. & R.'s, and represented by the salesman to be "similar to McK. & R. and guaranteed correct."

"2 grs."—1.58 grs. each, 21 % short.

"1 gr."—.93 grs. each, 7 % short.

"3 grs."—2.25 grs. each, 25 % short.

"3 grs."—2.46 grs. each, 18 % short.

"5 grs."—3.58 grs. each, 28½ % short.

"5 grs."—4.20 grs. each, 16 % short.

The primary object of publishing the above is, of course, to protect our interests ; but, at the same time, all honest manufacturers will approve of our course, and all respectable retailers will recognize the benefit which they will derive from our endeavors to prevent substitution in prescriptions, which, dishonest in itself, so often has for its object the cutting of prices.

Very respectfully submitted,

McKESSON & ROBBINS.

A Simple and Practical Method

—FOR THE—

ASSAY OF QUININE PILLS.

The method here given is not put forth as a strictly scientific and exact one, but rather as one within the compass of the average and well-trained Pharmacist, and it will be found sufficiently exact for the purpose in view, viz., to detect any considerable deficiency (say over five per cent.) in Quinine Pills. We trust that Pharmacists will recognize the benefits to be derived from a simple method of assay, and take advantage of it, thereby protecting themselves, their patrons and honest manufacturers from the fraudulent Quinine Pills now becoming too common in our market.

APPARATUS REQUIRED.—One Pipette, capacity 25 c.c.; one Watch Glass, capacity 40 c.c. to 50 c.c.; Bunsen Gas Burner or Spirit Lamp; a three-oz. round bottle—the taller the better—ground for glass stopper, but closed with a tightly-fitting cork, smooth on the surface next the liquid (a fresh cork should be used for each assay, and it should be so large that when firmly pressed into the bottle it will not penetrate more than one-fourth of an inch); a pair of Scales, sensitive to at least 1-10th grain, or five milligrammes, and *correct Weights*.

PROCESS.—Into the three oz. bottle put Pills representing about 20 grains of Quinine Sulphate (10-2 grs., 7-3 grs., etc.), with about 15 c.c., or $\frac{1}{2}$ oz. of distilled water, acidulated with 25 drops of Sulphuric Acid, dilute. Place this, uncorked, in a water bath, and agitate occasionally, until the Pills are dissolved, *coating and all*, taking care that, in agitating, none of the liquid comes in contact with the neck of the bottle. Some brands of Pills contain insoluble matter as excipient, in which cases clear solutions cannot be obtained, but the eye can easily detect when disintegration is complete.

When the bottle and contents have cooled, transfer to it carefully two pipettefuls—50 c.c. of Ether, spec. grav., 0.723 to 0.725, and, to allow as little opportunity for evaporation as possible, keep the point of the pipette, while emptying, close to the watery solution, but *do not allow it to touch the water*. Have at hand about 2 c.c. or $\frac{1}{4}$ dram of strong Ammonia; add this after the Ether is all in; cork quickly and tightly, and shake *strongly* for at least ten minutes. Set aside in a cool place for half an hour. Then, having carefully noted the weight of the Watch glass, insert the pipette into the bottle to about three-fourths of the depth of the ethereal liquid, and, holding it firmly at this depth, draw off 25 c.c. of the ethereal liquid (i.e., one-half), and transfer this to the Watch Glass. Great care should be taken that none of the lower watery liquid is taken up by the Pipette. Set the Watch Glass aside in a moderately warm place for an hour or so, until the Ether has evaporated, and a resinous-looking mass is left. Then holding the glass with a pair of crucible tongs, or any convenient substitute, heat it over a gas or spirit flame, gently at first, to avoid breaking the glass, then strongly, moving the glass about freely in the flame, so as to distribute the heat evenly, until bubbles of vapor cease to be evolved, and the whole mass melts assuming a uniformly glassy appearance. Be sure that the alkaloid near the rim of the glass is melted as well as that in the centre, and use only sufficient heat (considerable is required) to melt completely. Then withdraw the glass from the flame, and allow it to cool for twenty minutes. The melted alkaloid, when cold, should be transparent, and only slightly colored. Deduct the tare of the watch glass from its weight now, and multiplying the result by 2—as only half the ethereal solution was taken—you have the total dry alkaloid ($C_{20}H_{24}N_2O_2$) in the pills assayed. This multiplied by 436, or $\frac{1}{2}$ a molecule, ($C_{20}H_{24}N_2O_2$)₂, H_2SO_4 , $7H_2O$, and divided by 324 (dry alkaloid), gives the total Crystallized Sulphate.

The purity of the Quinine may be ascertained thus:—Remove as much as possible of the melted alkaloid from the glass with a spatula, powder it in a mortar, then weigh the powder obtained, and transfer it to a test tube with six times its weight of Ether, sp. gr. 0.725, and about its own weight of water. Shake well, until the solution is clear, or until it is apparent that no more will dissolve. If the Quinine is of good quality, all will be dissolved, and no white crystal will be seen in any part of the liquid. Such crystals would indicate the presence of cheaper alkaloids. Quinine alkaloid that has been melted re-dissolves but slowly in Ether: therefore it must not be assumed that any undissolved matter is not Quinine until after long and persistent shaking.

In employing this process, the conditions must be strictly complied with. The Ether must be of the proper strength (Squibb's Stronger is just right). The proportion of Quinine to Ether must not be *greater* than that given. A slightly less proportion, however, will do no harm; and the general directions must be carefully followed.

Until accustomed to the manipulation, and even afterwards, it will be well to make a "control assay" of 20 grains of good Sulphate Quinine, from a *fresh bottle*, for comparison.

Resin of any kind may be detected by shaking some of the ethereal solution left in the three oz. bottle thoroughly, in a test tube, with an equal volume of dilute Sulphuric Acid, allowing the two layers of liquid to separate, and evaporating on a watch glass as much of the Ether as can be safely poured off without pouring any of the acid liquor. There should be no residue, or, if a slight one, it should be quickly soluble in dilute acid.

To acquire skill in the use of the pipette some little practice is necessary, and before undertaking actual assays, it will be well to experiment with it in measuring Ether or other liquids. The point of the pipette should be inserted far enough into the liquid to enable it to be filled without any further change of position. The liquid should be sucked up by the mouth until it is a little above the mark on the neck. The upper orifice is then removed from the mouth and quickly stopped by the finger. By slightly relaxing the pressure of the finger on the upper orifice, a little air is admitted, and the liquid is allowed to run slowly out until it reaches the mark, when the finger is tightly pressed on the orifice to prevent further escape. Care must be taken that no saliva is allowed to enter the Pipette. Practice will overcome this as well as other difficulties.

Very respectfully,

McKESSON & ROBBINS.

McKESSON & ROBBINS,

Manufacturing
Chemists,Manufacturing
Pharmacists.

LABORATORY DEPARTMENT.

We are now supplying Preparations according to U. S. Ph., 1880, and, as the strength of many articles differs from the old pharmacopœia, PLEASE SPECIFY IN ORDERING WHETHER "1870" OR "1880" IS DESIRED. Unless otherwise mentioned, the preparations, quoted in this list as official, are of the U. S. Pharmacopœia of 1880.

Our manufacture of Quinine and other Cinchona Alkaloids is now an assured success. The purity, whiteness and lightness of crystallization of McK. & R. Quinine and Cinchonidine are unequalled by any other brand. Attention is also called to our manufacture of Sulphate of Morphine (very light and white), Cit. Iron and Quinine, U. S., Cit. Iron and Quinine, soluble, Cit. Iron, Ammoniated, and other scale preparations.

We were awarded the highest medals, both at the Vienna and our Centennial Expositions, for excellence of our Preparations, including Gelatine-Coated Pills, Fluid Extracts, Syrups, &c., and we take pride in calling attention to the rapid strides we have taken in this department, and ask the continued patronage of those, who, by experience, can attest their superiority, while we request trial orders from all with whom quality is the main desideratum. We received a medal at Paris, in 1878, for crude indigenous drugs and essential oils, which comprised our whole exhibit. We were, also, awarded the first medal at Sidney, Australia, for fine Chemicals, which embraced our Quinine, Cinchonidine, &c.

Regarding the cause of dissatisfaction with many of the Fluid Extracts and Pills offered in the market, to be due to careless selection of the crude drug, careless manipulation in manufacture, the want of practical knowledge of Pharmacy, and a strong desire to realize excessive profits on sales, we give this department our personal attention, and carefully superintend every detail.

ABSTRACTS—U. S. P., 1880.

Each grain of the powder represents two grains of the crude drug. Keep in well corked bottles in a cool place.

*Chinoidin, Powdered Purified, McK. & R., 1 oz. vials (10 ozs., 35c. oz.; 100 ozs., 30c.)	oz.	50
Containing all the non-crystallized alkaloids of Cinchona Bark. Similar preparations have been offered in market at high prices, under different fancy appellations, and claims of equal efficiency with Quinine made for the same. As a great demand exists for a cheap anti-malarial remedy, this preparation is introduced at low figures—about one-eighth the usual price of Sulphate of Quinine.

EXTRACTS, FLUID, MCKESSEON & ROBBINS'.

(DISCOUNT, LIBERAL.)

These Extracts are prepared by cold re-percolation, thereby avoiding the effect of heat and exposure to the air, which impair those active principles in which the virtues of all vegetable remedies consist. By experience we have determined the greater efficacy of different menstrua in the exhaustion of the virtues of different drugs; in some, glycerin being a valuable adjunct to the alcohol—in others, objectionable. Each drug is carefully studied by itself, and great care is taken that each lot of the same extract should be uniform with the preceding, the specific gravity, where the same menstruum is used, being a test. The process that we employ has been endorsed by the leading Pharmaceutical Journals, and by our best chemists, and every thinking Pharmacist will readily acknowledge the danger of applying heat to medicinal drugs. Formulas for making Syrups, Tinctures, &c., from our Fluid Extracts, are printed on the labels.

Each Pint of our Extracts represents one pound of the raw material, and the dose can be regulated accordingly. The only exceptions are Fluid Extract of Opium, one pint of which is equivalent to ten per cent. Gum Opium, Fluid Extract of Vanilla and Fluid Extract of Rhubarb Aromatic, which are twenty-five per cent., and Fluid Extract of Tolu and Fluid Extract of Benzoin, which are half strength, on account of density. Put up in 1 lb., $\frac{1}{2}$ lb. and 4 oz. bottles.

We desire to call special attention to our Fluid Extracts of Ipecac. Squill. Squill Comp., Sarsaparilla Comp., &c., for Syrups: which make clear Syrups by simple admixture, no filtration being necessary. In this connection, we would caution our friends to use care in purchasing unknown brands of Fluid Extracts, many now offered in market being merely Tinctures.

Our Extracts are sent in 1 lb. bottles, unless specially ordered otherwise.

PILLS, GELATINE-COATED, McKESSON & ROBBINS'.

OVOID IN SHAPE—CONTINUOUS IN COATING.

(PROCESS AND MACHINERY PATENTED.)

Every Physician will recognize the importance of knowing the character of the house manufacturing Pharmaceutical Preparations which he prescribes, and every druggist should be as scrupulous in filling prescriptions.

The reputation we have secured for our Gelatine-Coated Pills has induced others to put upon the market inferior preparations, to obtain the advantages of our efforts, and we intend to protect ourselves and the Public as far as possible. At the same time, we respectfully ask both Physicians and Druggists to specify "McKesson & Robbins' Pills," in ordering, that there may be no disappointment in results, caused by the substitution of other pills claiming similar merits.

SPECIAL NOTICE.—Our attention has been called to the fact that machines for coating pills with gelatine, which we consider infringements on our machinery, have been offered to the trade. We desire to CAUTION ALL PERSONS against PURCHASING, SELLING, or USING the same, as we intend to bring suit against all infringers.

Referring to our suits against A. F. W. Neymaber and others, for infringement on our patent for Gelatine-Coating, we take pleasure in stating that Judge Blatchford has decided these cases in our favor.

The value in and reputation of Gelatine-Coated Pills have been created by our manufacture and advertisement, and these well known facts should be respected by the trade.

1st.—Our Pills are reliable, being made strictly in accordance with the formulas given, and are of the best materials.

2d.—They are soluble; the gelatine, being speedily converted into jelly, the contents of the Pill is left free to act. TO TEST THE SOLUBILITY OF THE COATING, PLACE A PILL IN THE MOUTH AND NOTE THE RAPID DISSOLUTION OF THE GELATINE. A SINGLE TRIAL OF A DOSE OF COMPOUND CATHARTIC PILLS WILL ATTEST THEIR SOLUBILITY AND EFFICACY.

3d.—They are very easy to take, patients, who have found it almost impossible to swallow a plain or sugar-coated pill, are surprised at the readiness with which the McK. & R. Capsuled Pill "goes down," on account of the ovoid shape and the nature of the coating.

4th.—Our Pills are ovoid and, unlike others, necessarily soft, when coated. Our process is the only one in which the mass can be coated when soft, in fact, the pills must be soft in order to be coated by our machinery, and the COATING COMPLETELY COVERS THE PILL WITH GELATINE.

Pills, G. C. McKesson & Robbins'. Bottles 100 pills 500 pills

ACETATE MORPHINE...See Morphine, Acetate.
ACID, ARSENIOUS...See Arsenious Acid.
ACID, SALICYLIC...See Salicylic Acid.
ACONITINE (Merk's Amorph.) 1-100 & 1-60 gr.
Narcotic. Dose, 1-100 to 1-50 grain, given cautiously.

ACONITINE (Duquesne's Cryst.), 1-500, 1-200 gr.
Dr. E. C. Seguin ("Archives Medicine, June, 1892,") says: Aconitine has been used by many physicians in numerous cases of trigeminal neuralgia, with very favorable results. A large proportion of cases have been cured, and some very ancient cases (8 to 12 years) greatly relieved by the medicine. It is well to give debilitated, susceptible, and female patients 1-250 or 1-500 grain to begin with.

ALOES, U. S. 4 grs. 40 1 80
ALOES, BARBADOS, B. P. 5 grs. 40 1 80
{ Aloe Barb., Pulv., 2 1-2 grs.
{ Saponis Pulv., 1 1-4 grs.
{ Conf. Rose, 1 1-4 grs.
{ Ol. Carl.,

ALOES, DILUTE, (Hall's Dinner, Pil.) 4 grs. 40 1 80
{ Aloe Barb., Pulv., 1 gr.
{ Saponis Pulv., 1 gr.
{ Ext. Glycyrrhizae, 1 gr.
{ Theriacae, 1 gr.

ALOES, SUCROFINE, B. P. 5 grs. 40 1 80
{ Aloe Soc., 2 1-2 grs.
{ Saponis Pulv., 1 1-4 grs.
{ Conf. Rose, 1 1-4 grs.
{ Ol. Myristicæ,

ALOES AND ANAFETIDA, U. S. 4 grs. 40 1 80
The stimulant and carminative properties of Anafetida adapt these pills peculiarly to cases of costiveness attended with flatulence and debility of the digestive organs.

ALOES AND ASAFETIDA, B. P. 5 grs. 40 1 80
{ Aloe Soc., Pulv., 1 1-4 grs.
{ Anafetida, 1 1-4 grs.
{ Saponis Pulv., 1 1-4 grs.

{ Camphora, 1-50 gr.		
{ Antim. et Pot. Tart., 1-60 gr.		
{ Oleum Anisi, 1-32 min. }		
Each pill represents about one teaspoonful of the "Brown Mixture" of the U. S. P., with the addition of 1 gr. Muriate of Ammonium, and is recommended "in the advance stages of catarrhal affections, after expectoration has become established." It may also be advantageously prescribed in throat and lung difficulties generally.		
AMMONIUM, VALERIANATE.....	60	2 80
M. Declat speaks of the efficacy of this salt in neuralgia in the highest terms, and it is doubtless valuable in all diseases of the nervous system; such as hysteria, chorea, epilepsy, &c. The salt is perfectly preserved in these pills, as can easily be tested. Dose 1 to 3.

BLUE MASS, U. S.....	1-2, 1 and 3 grs.	40 1 80
BLUE MASS, U. S.....	5 grs.	45 9 85
This mass is prepared by succussion in strict accordance with the U. S. P. The oxidation of the mercury is very slight, and the mass retains its softness for a long time. As an alternative, from 1-2 to 1 gr. may be given every 24 hours. As a cathartic, from 5 to 15 grs; in cases requiring a peculiar impression upon the liver, it is well to follow with a more certain cathartic.		
BLUE MASS COMPOUND.....	60	5 80
{ Massa Hydrag., 1 gr.		
{ Pulv. Opil., 1-2 gr.		
{ Pulv. Ipecac., 1-4 gr.		
A mercurial alternative, the opium preventing the action of the mercury on the bowels. Dose, 1 to 3 pills a day.		
BLACK MASS AND IRON.....	2 grs.	25 9 85
{ Massa Hydrag., 2 grs.		
{ Ferri Sulph. Exalc., 1 gr.

CAFFEINE, CITRATE.....	1 gr.	2 00 9 80
In grain doses every hour, before and during the paroxysm, it has been recommended as a remedy and preventive in sick headache. Two or three grains during the 24 hours is recommended under ordinary circumstances. (Botkin.)		
CALCIUM, SULPHIDE, 1-20, 1-10, 1-4, 1-2, 1, 1 1-2 gr.	60	2 80
CALCIUM, SULPHIDE.....	2, 2 1-2 & 3 grs.	75 3 85
This salt is mentioned by Dr. Ringer in the Lancet for Feb., 1874. We added the pills to our list about ten years ago, at the request of a prominent physician, who used them with great success in scrofula, glandular enlargements, &c. Our sales have been very large indeed, and the remedy appears to be growing in favor with the Profession. Dose, in certain cases 1-10 grain may be given every hour, or 1-4 to 1 grain		

Pills, G. C., McK. & R.'s—Cont'd.

Bottles 100 pills Bottles 500 pills

twice a day. Dr. Simeon Snell, in the "Practitioner" for January, 1-82, gives a record of several cases of strumous ophthalmia treated with Sulphide Calcium, which recovered very rapidly under its use. He gives 1-16 to 1-8 grain three times a day. These cases are given in N. Y. Medical Abstract, p. 74, 1892.

CALOMEL SULPHIDE, COMP...... 60 2 +0
 { Calc. Sulph. 1-20 gr. }
 { Ext. Taraxac. 1 gr. }

CALOMEL.....1-10, 1-4, 1-2, 1, 2 and 3 grs. 40 1 80

CALOMEL.....3 grs. 45 2 05

CAMPHOR, MONO-BROMATED......3 grs. 1 25 6 05

CAMPHOR, MONO-BROMATED......5 grs. 1 50 7 30

Is now being considerably used in treatment of Spermatorrhoea; strongly recommended in cases of Cerebral-Anæmia; used successfully in infantile Convulsions from teething; Hysteria, Headache from over-study or nervousness and Nymphomania. (Dose, 2 to 16 grs.)

CANNABIS INDICA EXTRACT ... 1-4 & 1-2 gr. 1 00 4 80

CANNABIS INDICA EXTRACT.....1 gr. 1 40 6 80

This important Extract is manufactured in our own Laboratory. Special care is used in the selection of the drug to insure the uniform strength, and the pills, when cut, exhibit, in a marked manner, the distinctive color, taste and odor of the freshly made extract. We copy from the U. S. Disp. the following: "In morbid states of the system, it (Ext. Cannab. Indic.) has been found to cause sleep, to allay spasms, to compose nervous inquietude and to relieve pain; it differs from opium, in not diminishing the appetite, checking the secretions, or constipating the bowels. The complaints in which it has been specially recommended are neuralgia, gout, rheumatism, tetanus, convulsions, hysteria, mental depression, and delirium tremens." Dose 1-4 to 1-3 gr., repeated in three or four hours and increased if necessary.

CAPSICUM.....1 gr. 40 1 80

CASCARA SAGRADA EXTRACT.....2 grs. 46 1 80

CATHARTIC COMPOUND, U. S., (1870)...... 45 2 05

CATHARTIC COMP. (U. S. Formula)......1-2 gr. 40 1 80

The extract of colocynth, from pulp and extract jalap are made in our own laboratory. One of these pills will be generally found to act as a laxative, and two of them with certainty as a cathartic. May be employed in most instances where a brisk cathartic is required; but is particularly applicable to the early stages of bilious fevers, to hepatitis, jaundice and all those derangements of the alimentary canal, or of the general health, which depend on congestion of the portal circle.

Pills, G. C., McK. & R.'s—Cont'd.

Bottles 100 pills Bottles 500 pills

CATHARTIC IMPROVED..... 45 2 05

{ Ext. Coloc. Comp. pulv., 1 gr. }
 { Jalape pulv., 1-2 grs. }
 { Res. Podophylli, 1-4 " }

COCA EXTRACT.....1 gr. 50 2 20

COCA EXTRACT.....2 grs. 75 3 55

COCA EXTRACT.....3 grs. 1 00 4 80

McKesson & Robbins' Solid Extract, made from fresh leaves, is used in these pills. As the leaves become almost inert with age, a preparation of this nature is necessary to enable the Physician to judge correctly of the value

Pills, G. C., McK. & R.'s—Cont'd.

of this remedy. Coca Erythroxylon is a South American plant, used by the natives as a substitute for tea, coffee, tobacco, hashish and opium of other countries. It imparts vigor to the muscles as well as to the intellect, and enables the partaker to endure great fatigue with ease. Has been strongly recommended as a corrective of the opium habit. Dose, 5 to 30 grs.

CODEINE.....	1-16 gr.	1 00	4 80
CODEINE.....	1-5 and 1-4 gr.	1 50	7 30
CODEINE.....	1-2 gr.	2 00	9 80

This alkaloid of opium appears to have all the good effects of morphine without its objections; it relieves pain and causes a calm sleep, at the same time it does not constipate the bowels, or produce disorder in the stomach. For its value in diabetes see article by Dr. R. Shingleton Smith in New York Medical Abstract, July, 1892. Dose, 1-4 to 2 grs.

COLOCYNTH COMP. EXTRACT..... 3 grs. 80 3 80

COLOCYN., BELLADONNA & BLUE..... See Hepatic.

COPAIBA..... 80 2 80

COPAIBA..... 1 00 4 80

COPAIBA AND OLEO-RESIN CUBE..... 50 2 80

{ Massa Copaliba,	2 grs.		
{ Oleo-Resina Cubebæ,	1 gr.		

COPAIBA AND OLEO-RESIN CUBE..... 1 00 4 80

{ Massa Copaliba,	3 grs.		
{ Oleo-Resina Cubebæ,	2 grs.		

We prepare both these ingredients in our own laboratory, with great care, and can assert their superior quality. The value of the Oleo-Resin Cube offered in market is very slight, due to the fact that the largest proportion is powdered Cube Berries.

COPAIBA COMPOUND..... See Gonorrhoea.

CORROSIVE SUBLIMATE..... 1-100, 1-50, 1-30, 1-20, 1-20 and 1-10 gr. 40 1 80

Syphilia, obstinate chronic rheumatism and some chronic cutaneous affections. Dose, 1-20 to 1-4 grain, repeated three or four times a day.

CROTON CHLORAL (Butyl Chloral)..... 1 gr. 90 4 30

CROTON CHLORAL (Butyl Chloral)..... 2 grs. 1 60 7 80

CROTON OIL..... 1-2 gr. 80 8 80

A powerful purgative, acting generally without much difficulty when given in small doses. For an adult one to four pills may be given—one every hour until it operates. The pill form is recommended in the U. S. Disp.

Pills, G. C., McK. & R.'s—Cont'd.

CUBER & COPAIBA..... See Copaliba & Cube.
CYANIDE MERCURY..... See Mercury, Cyanide.
DAMIANA EXTRACT..... 2 grs. 1 00 4 80

Reputed to be a powerful Aphrodisiac. These pills were added to our list for the convenience of physicians.

DAMIANA AND PHOSPHORUS COMP.....	1 50	7 30
{ Ext. Turnere Aphrodisiacæ,	2 grs.	
{ Ext. Nucis Vomice,	1-3 gr.	
{ Phosphorus,	1-100 gr.	

DANDELION EXTRACT..... 3 grs. 45 2 05

DIALYSED IRON..... See Iron, Dialysed.

DIGITALINE (MERCK'S)..... 1-60 gr. 60 2 80

Among the many principles existing in or extracted from Digitalis, there is none which appears to represent the crude drug fully. Amorphous digitaline is not a definite substance, but a mixture of various principles present in varying proportion, and cannot be implicitly relied on. Dose, 1 pill.

DINNER (CHAPMAN'S)..... 4 grs. 45 2 05

{ Pulv. Aloes Soc.,	1 1-2 grs.		
{ Pulv. Mastiches,	1 1-2 grs.		
{ Pulv. Ipecacuanine,	1 gr.		
{ Ol. Foeniculi,	—		

As a laxative, dose, 1 pill shortly before dinner.

DINNER (COLE'S)..... 45 2 05

{ Massa Hydrarg.,	1 1-5 grs.		
{ Pulv. Aloes Soc.,	1 1-5 grs.		
{ Pulv. Jalapæ,	1 1-5 grs.		
{ Ant. et Pot. Tart.,	1-50 gr.		

Dose, 1 or 2 pills before dinner.

DINNER (LADY WEBSTER'S)..... 3 grs. 45 2 05

{ Pulv. Aloes Soc.,	2 grs.		
{ Pulv. Mastiches,	1-2 gr.		
{ Pulv. Rosæ Gallicæ,	1-2 gr.		

These are the pills stomachicæ of the fifth edition of the Paris Codex. One or two pills taken shortly before a meal will usually produce one free evacuation.

DOVER'S POWDER..... See Ipecac & Opium. 60 2 80

DIURETIC..... 60 2 80

{ Ext. Buchu,	Potass. Nit., aa,		
{ Scilla pulv.,	1-2 gr.		

ELATERIN..... 1-20 gr. 2 20 10 80

Owing to the great variation in strength, Elaterin has been classed among the unreliable medicines. Its active principle, known as ELATERIN, is a white crystalline substance, purging powerfully in doses of 1-20 to 1-6 of a grain. It has the advantage over Elaterium of uniformity.

ELATERIUM (CLUTTERBUCK)..... 1-10 gr. 80 3 80

An efficient hydragogue cathartic; useful in dropsical diseases, in which it has sometimes proved successful after all other remedies have failed. Dose, one pill every hour until it operates. (See note on Elaterin.)

EMMENAGOGUE..... 1 10 5 30

{ Ergotin,	1 gr.		
{ Ext. Helleb. Nig.,	1 gr.

ERGOTIN (Each pill = 50 grs. Ergot)..... 5 grs. 2 40 11 80

We manufacture our Ergotin with great care from the best quality of fresh, selected Ergot, and it contains in the most potent form all the active constituents of Ergot of Rye, each grain representing 10 grs. Ergot, and each 3 gr. pill being equal to half a teaspoonful of official fluid extract. The value of Ergotin, in the place of the crude drug and the Fluid Preparations, is conceded; and it is being largely administered both in this country and in Europe. It has taken a prominent place in the treatment of Neurotic diseases. Many of our most reliable practitioners, and particularly those of extended experience in gynecology, assert that they have never found a preparation of Ergot, in which, by experience, they felt as

Pills, G. C., McK. & R.'s—Cont'd.

Bottles
100 pillsBottle
500 pills

much confidence as in McKesson & Robbins' Ergotin Pills. The advantages of prescribing it in this form are obvious. (Dose, 2 to 10 grs.)

WE OFFER OUR ERGOTIN, PREPARED SPECIALLY FOR HYPODERMIC USE, IN ONE OUNCE BOTTLES, SPECIFY M.C. & R.'S FOR HYPODERMIC USE, AS WE ALSO MANUFACTURE AN ERGOTIN AFTER BONJEAN'S FORMULA.

ERGOTIN AND ALOIN..... 1 25 6 05
 { Ergotin Purif., 1 gr. }
 { Aloin, 1-5 gr. }

ERGOTIN & CANNABIS INDICA..... 1 25 6 05
 { Ergotin Purif., 1 gr. }
 { Ext. Cannab. Indic., 1-2 gr. }

Where a continued treatment with Ergot is necessary, the addition of Cannab. Indica is frequently preferred, and many physicians, who have employed this combination for sleepless cases of mania, hemiparesis, and congestive nervous conditions that follow uterine disorders of women, give the quality of the Extracts a very satisfactory mention. Dose, 1 to 3.

EUCALYPTUS EXTRACT..... 2 grs. 75 3 55

May be given in all cases of ulcer of the stomach or bowels, in septicaemia, typhoid fever, scarlatina, pulmonary gangrene, fetid bronchitis, etc. Has also been extensively used as a remedy in intermittent fever.

EXPECTORANT..... 75 3 55

GRINDELIA ROBUSTA EXTRACT..... 3 grs. 80 3 80

The Solid Extract is of our manufacture and ten times the strength of the Herb; it can be used much more readily and with better effect than any of the liquid preparations. The use of this remedy in Hay Fever, and all Asthmatic difficulties, has increased largely in the Eastern States and Europe. Dose, 1 to 3.

GUARANA EXTRACT (PAULLINIA)..... 3 grs. 1 80 1 80

This Solid Extract is manufactured in our laboratory, and is eight times the average strength of the drug. We offer these Gelatin-Coated Pills with confidence in their being the only accurate mode of preparing this widely used and much appreciated remedy, as the drug varies so much in strength; some preparations in the market have been found to consist largely of impurities. We carefully test each shipment we receive, and our Solid Extract is of superior and uniform quality. The value of Guarana, in many phases of sick, nervous and sun Headache, as well as in

IRON BY HYDROGEN (QUEVENNE'S)1 gr. 60 1 80		
IRON BY HYDROGEN (QUEVENNE'S)2 & 4 grs. 40 2 80		
The black, reduced iron generally found in market is not fully deoxidized; its properties appear to be those of an astringent rather than tonic, and it does not take the place of Quenne's iron or the true Ferrum reductum of the U. S. Pharm., which is of an iron gray color. (See U. S. Disp., 1877, pp. 416 & 12.6.) We import Rundspaden's iron, which is used in these pills; the color may be seen upon cutting one of them open. Tonic, and peculiarly well fitted to improve the quality of the blood when impoverished from any cause. Useful in diseases characterized by debility. Usually employed in chronic anemia or chlorosis, hysteria, scrofula, passive hemorrhages, neuralgia, and dyspepsia when dependent on deficient energy of the digestive function. Contra indicated in all inflammatory diseases. Dose, 3 to 6 grains three or more times a day, best administered just before or after eating.

IRON, DIALYSED (SCALES)2 grs. 1 30 5 80		
Made from Murck's scales or plates of Dialysed Iron, about 30 times the strength of the Solutions in market.		
IRON, FERRIOXYANIDE3 grs. 45 2 05		
IRON, IODIDE (Blancard's Form)1 gr. 60 2 80		
Preferable to the Syrup and much more soluble and active than the imported pills, which are coated with a resin, and are usually very old before they reach the consumer.		
IRON, LACTATE1 gr. 45 2 05		
Has the general medical properties of the ferruginous preparations, and a marked effect in increasing the appetite. Favorable results were obtained in treatment for chlorosis, with or without amenorrhoea. Dose, 1 or 2 pills, repeated at intervals and gradually increased.		
IRON, PHOS. & ALOES. See Phos., Iron & Aloes.

We now obtain this salt absolutely pure, free from the red iodide or metallic mercury; and in a perfectly impalpable powder. The advantages of this must be apparent to every physician; in fact we have received abundant testimony as to the great superiority of the new preparation, and our vastly increased sales are additional proof. The irritation of the stomach so frequently caused by the ordinary salt is no doubt due to impurity, such as red iodide, and is not observed in the use of our photo-iodide. We will furnish samples of the granules or of the salt on application. Scrofula and scrofulous syphilis. Should never be given at the same time with Iodide of Potassium, which converts it into Bin-Iodide. Dose, 1-20 to 1-2 gr. Caution! Specify McK. & R.

NITRO-GLYCERIN (Glouclonum) 1-50, 1-100 gr.

Dr. McCall Anderson, mentioning the exhibition

of this drug in angina pectoris, says:

"My experience of the comparative merits of

nitric amyl and nitro-glycerin is, that while

the latter acts more slowly, it seems to be

more permanently beneficial." Dr. W. E.

Greene says, after giving several cases of heart

disease: "In this new agent we have a very

powerful measure in diseases of the heart. Not

only palliative, but in many cases actually

curative." Dr. Wm. A. Hammond gives this

drug in migraine and epilepsy with good results.

The dose is one drop of a one per cent. solution,

equal to one of the 1-100 gr. pills. It should be

very cautiously increased. The above facts are

taken from the "New York Medical Abstract,"

pp. 278 and 379, 1881, and p. 104, 1882.

PHOSPHORUS.....

1-200, 1-100, 1-50, 1-20, 1-20, & 1-12 gr.

The Phosphorus in our pills is always presented

in the free state, and perfectly sub-divided,

thus insuring safety and absence of any cause

of irritation to the stomach.

Dose, from 1-100 to 1-20 gr. twice or three

times a day. Many of the Phosphorus combina-

tions given here are formulas used by Dr. Kirby,

of the Royal College of Surgeons, England, and

many of the notes are taken from his valuable

work.

NOTE.—In most cases phosphorus and its com-

pounds should be administered with food.

PHOSPHORUS AND DIGITALIS COMPOUND.....

{ Phosphorus, 1-50 gr. }

{ Pulv. Ipecac., 1-4 gr. }

{ Pulv. Opi., 1-4 gr. }

{ Pulv. Digitalis, 1-2 gr. }

PHOSPHORUS AND EXTRACT ACONITIS.....

{ Phosphorus, 1-50 gr. }

{ Ext. Aconiti Alc., 1-16 gr. }

Dose, one pill every four hours.

PHOSPHORUS AND EXT. CANNABIS INDICA.....

{ Phosphorus, 1-50 gr. }

{ Ext. Cannab. Ind., 1-4 gr. }

A good narcotic, in cases where Morphine

should not be administered; and recommended

as an aphrodisiac in the place of Nux Vomica.

Dose, one or two pills two or three times a

day with food.

PHOSPHORUS AND IRON.....

{ Phosphorus, 1-50 gr. }

{ Ferrum Reduct., 2 grs. }

PHOSPHORUS & NUX VOMICA. See Phos. Comp.

PHOSPHORUS AND QUININE.....

{ Phosphorus, 1-50 gr. }

{ Quinine Sulph., 1 gr. }

Physicians can readily see the value of this

pill as a nutritive tonic.

PHOSPHORUS AND STRYCHNINE.....

{ Phosphorus, 1-50 gr. }

{ Strychnina, 1-60 gr. }

PHOSPHORUS COMPOUND, No. 1.....

{ Phosphorus, 1-100 gr. }

{ Ext. Nucis Vomice, 1-4 gr. }

PHOSPHORUS COMPOUND, No. 2.....

{ Phosphorus, 1-60 gr. }

{ Ext. Nucis Vomice, 1-4 gr. }

PHOSPHORUS COMPOUND, No. 3.....

{ Phosphorus, 1-50 gr. }

{ Ext. Nucis Vomice, 1-8 gr. }

These three compounds of Phosphorus may

be given in doses of 1 or 2 pills, three times a day,

after meals. A nutritive tonic and stimulant

to the nervous system, especially adapted to

the treatment of nervous disorders dependent

on defective nutrition and debility of the spinal

column. They increase the appetite and pro-

mote digestion.

PHOSPHORUS COMPOUND AND IRON.....

{ Phosphorus, 1-100 gr. }

{ Ferri Phosphas, 1-2 gr. }

{ Ext. Nucis Vomice, 1-8 gr. }

PHOSPHORUS, DIGITALIS & EXT. HYOSCYAMUS

{ Phosphorus, 1-50 gr. }

{ Pulv. Digitalis, 1 gr. }

{ Ext. Hyoscyami, 1 gr. }

Pronounced a valuable medicine as a heart

tonic. The tonic effect of Digitalis on the

voluntary muscular fibre is claimed to be

analogous to that of Strychnine on the invol-

untary muscular system. Dose, 1 pill two or

three times a day, at equal intervals, which

should be omitted when effect is produced

Pills, G. C., McK. & R.'s—Cont'd.

upon the head, stomach, pulse, or kidneys. Caution should be used in administering these pills, and they should only be taken when and as prescribed by a physician.		
PHOSPHORUS, EXT. NUX. VOM. & CARR. IRON.	1 00	4 80
{ Phosphorus, 1-50 gr. }		
{ Ext. Nucis Vomicae, 1-4 gr. }		
{ Ferri Carb., 1 gr. }		
Dose, one or two pills at each meal, with food.		
PHOS., N. V. & IRON..... See Phos. Co. & I.		
PHOSPHORUS EXT. NUX VOM. & EXT. ALOES.	1 00	4 80
{ Phosphorus, 1-50 gr. }		
{ Ext. Nucis Vomicae, 1-4 gr. }		
{ Ext. Aloes Soc., 1-2 gr. }		
A good dinner pill, useful in atonic dyspepsia, hypochondria and other nervous affections accompanied by habitual constipation. When, in administering, for some time, Phosphorus and Iron or Phosphorus and Quinine, constipation is induced, this pill may be substituted with advantage once a day between doses.		
Dose, one immediately after dinner.		
PHOSPHORUS, IRON AND ALOES.....	1 00	4 80
{ Phosphorus, 1-50 gr. }		
{ Ferri Sulph. Exale, 1-2 gr. }		
{ Ext. Aloes Soc., 1 gr. }		
A valuable tonic and laxative.		
PHOSPHORUS, IRON AND QUININE.....	2 00	9 80
{ Phosphorus, 1-100 gr. }		
{ Ferri Carb. (Vallet's), 1 gr. }		
{ Quinine Sulph., 1 gr. }		
PHOSPHATE I. & STRYCH. See Iron, Phos. & Stry.		
PHOSPHORUS, IRON, QUININE & NUX VOM....	2 00	9 80
{ Phosphorus, 1-100 gr. }		
{ Ferri Carb. (Vallet's), 1 gr. }		
{ Quinine Sulph., 1 gr. }		
{ Ext. Nucis Vomicae, 1-2 gr. }		
PHOSPHORUS, MORPHINE AND VAL. ZINC....	1 40	6 80
{ Phosphorus, 1-50 gr. }		
{ Morphina Sulph., 1-12 gr. }		
{ Zinc Valeriana, 1 gr. }		
Recommended as a quieting influence in Phthisis when there is a hysterical irritability and hacking cough without much fever. Dose, one pill two or three times daily, or two upon going to bed.		
PHOSPHORUS, NUX VOMICA & CANTHARIDES.	1 00	4 80
{ Phosphorus, 1-50 gr. }		
{ Pulv. Nucis Vomicae, 1 gr. }		
{ Tinct. Canthar. Conc., 1 minim. }		
Recommended as a gentle stimulant to the genito-urinary organs, a useful remedy in incontinence and retention of urine, and in premature loss of sexual power. Also successfully prescribed in some cases of amenorrhoea and leucorrhoea. Dose, one or two pills two or three times a day with food.		
PHOS., QUIN. & N. VOM. See Quin., Ph. & N. V.		
PHOSPHORUS, QUININE, IRON & STRYCHNINE.	2 00	9 80
{ Phosphorus, 1-100 gr. }		
{ Quinine Sulph., 1 gr. }		
{ Ferrum Reduct., 1 gr. }		
{ Strychnina, 1-60 gr. }		
By some preferred to pills of Phosphates Iron, Quinine and Strychnine.		
PHOSPHORUS, SULPH. ZINC & LUPULIN.....	1 00	4 80
{ Phosphorus, 1-50 gr. }		
{ Zinc Sulphate, 1 gr. }		
{ Lupulinum, 1 gr. }		
Very useful in diseases peculiar to women—uterine disturbances, torpidity of function, with leucorrhoea, dysmenorrhoea and hysteria. Also in melancholia and other mental derangements occurring on the appearance and cessation of the menses. Dose, 1 or 2, three times a day. In epilepsy and chorea 2 pills may be given three times a day.		
PHOSPHORUS AND VALERIANATE ZINC.....	1 00	4 80
{ Phosphorus, 1-50 gr. }		
{ Zinc Valeriana, 1 gr. }		
PICROTOXIN.....	60	2 80
A prominent physician, in referring to this remedy, says that his success with PicROTOXIN in the treatment of night-sweating in Phthisis has been decidedly superior to any attained by the use of the mineral acids, belladonna and ergot, singly or combined. He writes: "I have not employed this drug in the night-sweats of phthisis solely. I recall a case of chronic pleurisy in which the effusion having been absorbed, convalescence was unaccountably retarded and prostration was so extreme that a latent, incipient phthisis was suspected. The skin was bathed in perspiration during the greater portion of the twenty-four hours, and this being the only discoverable morbid		

Pills, G. C., McK. & R.'s—Cont'd.

	Bottles 100pills	Bottles 500pills
condition, I resolved to treat it with picROTOXIN. It was promptly checked, and convalescence set in immediately. I have employed the drug in nearly one hundred cases. My custom has been to give a pill containing gr. 1-80 at bedtime, which dose may be repeated once or twice during the day in obstinate cases; and, at my suggestion, the firm of McKesson & Robbins, of New York, have added such a pill to their list."		
PILOCARPINE, MURIATE.....	1-60 gr.	1 00 4 80
PILOCARPINE, MURIATE.....	1-30 gr.	2 00 9 80
PILOCARPINE, MURIATE.....	1-8 gr.	3 00 14 80
Very highly recommended in diphtheria by Drs. F. W. Vogel, Carson, W. P. Watson, and Guttman, of Crustadt. Dr. Guttman has treated 81 cases, almost all serious, and all have been cured. An account of these cases is given in the "New York Medical Abstract," pp. 120, 160, 215 and 363 1881.

QUININE, BI-SULPHATE.....	4 grs.	
QUININE, BI-SULPHATE.....	5 grs.	
BI-SULPHATE OF QUININE IS MUCH MORE SOLUBLE THAN THE SULPHATE, THE LATTER REQUIRING SEVEN HUNDRED PARTS OF WATER TO DISSOLVE IT, WHILE THE BI-SULPHATE DISSOLVES IN TEN PARTS. IN ORDERING, WE WOULD ADVISE PHYSICIANS TO SPECIFY BI-SULPHATE. McK. & R.'s BI-SULPHATE OF QUININE PILLS ARE MORE SOLUBLE AND MORE ASSIMILABLE THAN SULPHATE OF QUININE TAKEN IN POWDER.		
The demand has largely increased, and experience has justified our further claim that an ac-		

Pills, G. C., McK. & R.'s—Cont'd.

count of PROMPT ACTION and PERFECT SOLUBILITY, Bi-Sulphate of Quinine, although containing less of the Quinine Alkaloid, is more EFFICACIOUS, dose for dose, than Sulphate of Quinine. To be sure of the best results we must advise the profession in this, as in all other cases, to specify McK. & R. on their prescriptions.

QUININE, SULPHO-CARBOLATE.....5 grs.	8 20	40 80

This Salt of Quinine has been very much used in some of our extremely malarial districts during the past three years. Those who have tested it very carefully claim that it possesses a most positive specification in the treatment of fever and ague, and has proved itself eminently superior to the Sulphate of Quinine in all malarial fevers.

QUININE, VALERIANATE.....1-2 gr.	1 50	7 30
Useful in debility attended with nervous disorder.		

QUININE AND ALOES.....1 30	6 30	
{ Quinine Sulphas, 3-4 gr. }		
{ Pulv. Aloes Soc., 1-4 gr. }		

Q QUININE AND ALOES CO., Hubbard's Milder.....1 75	8 55	
{ Quinine Sulph., 1 gr. }		
{ Aloes Soc., 1-2 gr. }		
{ Piperina, 1-2 gr. }		
{ Strychnine Sulph., 1-50 gr. }

SALICIN.....5 grs.	1 60	7 80

Salicin is becoming more and more favorably known in the treatment of Rheumatic affec- tions, also as a Tonic, Astringent, and Anti- Periodic, and is best exhibited in our Gelatine- Coated Pills. Salicin has been found very effi- cacious, and, according to "The Lancet," not less certain in acute Rheumatism than Quinine is for Ague. In large doses, it has been claimed to be an absolute specific in Cornet's (suppur- ative.)

{ Acid. Salicylicum, 5 grs. }				{ Ext. Opil, 1-10 gr. }			
{ Morphine Sulphas, 1-8 gr. }				{ Ext. Conil, 1 1-2 grs. }			
Strongly recommended in Rheumatism, both acute and chronic.				TARAXACUM EXTRACT..... See Dandelion Ext.			
SANDAL WOOD EXTRACT (McK. & R.)..... 1 gr. 1 60 7 80				TARTAR EXTRACT, 1-100, 1-20, 1-8, 1-4 gr.		40	1 80
SANDAL WOOD EXTRACT (McK. & R.)..... 2 grs. 2 40 11 80				TONIC (DR. ALKEA)..... 1 50 7 20			
These pills contain both the oil and resin existing in Sandal Wood, are believed to be superior to the oil alone, and are more convenient of administration. The Extract is manufactured in our laboratory.				{ Quinine Sulph., 1 gr. }			
SANTONIN..... 1 gr. 80 3 80				{ Acid. Arseniosum, 1-50 gr. }			
SANTONIN AND CALOMEL..... 1 00 4 80				{ Ferrum Reductum, 2-3 gr. }			
{ Santonin, 1-2 gr. }				{ Strychnina, 1-50 gr. }			
{ Hydrarg. Chlor. Mitte, 1-2 gr. }				TRIPLEX..... 80 3 80			
SEDATIVE..... 1 00 4 80				{ Ext. Aloes, 2 grs. }			
{ Morphine Sulphas, 1-24 gr. }				{ Res. Podophylli, 1-4 gr. }			
{ Pulv. Ipecac., 1-8 gr. }				{ Massa Hydrarg., 1 gr. }			
{ Pulv. Camphore, 5-6 gr. }				TRIPLEX (DR. FRANCIS)..... 80 3 80			
{ Ext. Hyocyami, 1 2-3 grs. }				{ Pulv. Scammonil, Ol. Tigill. }			
SILVER, NITRATE..... 1-4 gr. 76 3 55				{ Pulv. Myrrhæ, Ol. Carl. }			
Erb (Diseases of the Spinal Cord) recommends from 1-4 to 1-3 gr. three times a day, or from 1 to 1-2 grs. per diem, until 120 or 150 grs. have been consumed. He says: "Among the INTERNAL REMEDIES for tabes, nitrate of silver undoubtedly stands first, as it can show quite undoubted results."				VALERIAN EXTRACT..... 2 grs. 80 3 80			
Dr. Seguin says, in the "Archives Medicine," June, 1-82: "I have employed nitrate silver extensively in locomotor ataxia, and am almost disposed to agree with Erb." He prescribes 1-4 or 1-3 gr.				VALERIANATE IRON..... See Iron, Valerianate.			
SILVER, NITRATE, AND OPIUM..... 1 26 6 05				VALERIANATE MORPHINE..... See Morph., Valer.			
{ Opil pulv., 1 gr. }				VALERIANATE QUININE..... See Quinine, Valer.			
{ Argenti Nitras, 1-4 gr. }				VALLET'S MASS..... See Iron, Proto-Carb.			
SOAP COMP., B. P..... 5 grs. 70 3 80				VEGETABLE CATHARTIC..... See Cathartic, Veg.			
{ Opil pulv., 1 gr. }				VERATRIN..... 1-32 gr. 111			
{ Saponis pulv., 4 grs. }				ZINC, OXIDE..... 1-2 and 1 gr. 45			
SQUILL COMPOUND, U. S..... 45 2 05				ZINC, OXIDE..... 2 grs. 50			
STRYCHINE..... 1-200, 1-100, 1-60, 1-50, 1-40, 1-32, 1-20, 1-20 gr. 40 1 80				Tonic, anti-spasmodic and astringent. Has been given in chorea, epilepsy, whooping-cough, spasm of the stomach dependent on dyspepsia, and other similar affections, and the diarrhoea of infants.			
STRYCH. & IPECAC COMP., See Anti-Dyspepsia (Fotherall's).				ZINC, PHOSPHIDE..... 1-6 and 1-4 gr. 60			
STRYCHINE COMPOUND..... 80 3 80				ZINC, PHOSPHIDE..... 1-2 gr. 80			
{ Strychnina, 1-100 gr. }				The Phosphide of Zinc has been very successfully used by prominent authorities on treatment of brain diseases, many of whom assert its efficacy. It has been used with remarkable results in severe cases of Neuralgia, [see paper by Dr. Adolphus, St. L. Med-Jour., XIII, 471] P. Vigier, <i>Bull. Gen. de Therap.</i> , states that Phosphide of Zinc is more prompt and reliable in its action than free Phosphorus.			
{ Phosphorus, 1-100 gr. }				ZINC, PHOSPHIDE, & EXT. NUX VOMICA.... 80 3 80			
{ Ext. Cannab. Indica, 1-16 gr. }				{ Zinc Phosphidum, 1-10 gr. }			
{ Ginseng, Ferri Carb., ad, 1 gr. }				{ Ext. Nucis Vomica, 1-4 gr. }			
SULPHATE CINCHONINE See Cinchonine, Sulph.				Tonic. Useful in palsy, neuralgia and chronic constipation; also in brain diseases.			
SULPH. CINCHONIDINE..... Cinchonidine, Sulph.				ZINC, VALERIANATE..... 1 gr. 75 3 55			
SULPHATE MORPHINE..... See Morphine, Sulph.				ZINC, VALERIANATE..... 2 grs. 1 00 4 80			
SULPHATE QUINIDINE..... See Quinidine, Sulph.				Anti-spasmodic. Considered a remedy in neuralgic affections. Has been used with success in nervous diseases attended with palpitation of the heart, constriction of the throat and pain in the head. Useful in epilepsy, and in the nervous affections which accompany chlorosis. Dose, 1 to 2 pills, several times a day.			
SULPHATE QUININE..... See Quinine, Sulph.							
SULPHIDE CALCIUM..... See Calcium, Sulphide.							
SULPHUR, IODIDE..... 1-25 and 1-10 gr. 40 1 80							

For Pills in bottles of 25 each, and Pills and Granules of Rare and Expensive Alkaloids, see next page.

Private Formulas of 3,000, or more, Made and Coated to Order.

Pills may be sent by mail in boxes, at an expense of about 2 cents per 100, and 10 cents per package, extra, if registered. We cannot be responsible for delivery.

ALL RESPECTABLE DRUGGISTS WILL SUPPLY McK. & R. PILLS WHEN SPECIFIED.

PILLS AND GRANULES, GELATINE-COATED, Of Rare and Expensive Alkaloids.

For the convenience of the Medical Profession, these Granules are put in bottles of 25 each.

For other formulas, in bottles of 100 each, see foregoing pages.

Per 100 Pills.
CANNABIN, Tannate, bottles 25 pills.....1 gr. 5 00
(Glucoside, from Cannabiss Sativa).

Recommended by Drs. Frommüller (Memorabilien von Betz) and Hiller (Charité, Berlin) as a mild and agreeable hypnotic, especially in cases of nervous sleeplessness, where morphine, etc., could not be administered. It is considered by these authorities superior to any preparation of opium, as it does not interfere with the digestive organs, or in any degree retard the motion of the bowels. Is particularly recommended to the notice of physicians in charge of hospitals for the insane. Dose, 1 to 8 pills.

CHELIDONINE, Muriate, bottles 25 pills.....1 gr. 15 00
(From Chelidonium Majus).

A laxative, slightly diuretic. Unlike Chelerythrine, (from the same plant), it is not poisonous. Dose, 1 to 4 pills.

COLCHICINE, bottles 25 granules.....1-60 gr. 80
(Alkaloid from Colchicum autumnale).

Drastic, diuretic. In gout and rheumatism. Dose, 1 to 3 granules.

COLOCYNTHIN, bottles 25 granules.....1-8 gr. 60
(Glucoside, from Citrullus Colocynthis).

A very effective and painless purgative in large doses. A laxative it may be given in doses of 1 to 5 granules.

CONVALLAMARIN, bottles 25 granules.....1-100 gr 60
(Glucoside of Convallaria majalis: Lily of the Valley).

Powerful cardiac stimulant. Dose, 1 granule, very cautiously increased. Must not be confounded with Convallaria, which is a purgative.

DATURINE, Sulph., bottles 25 granules.....1-100 gr 7 00
(From Datura Stramonium?)

Dose and effect similar to that of Atropine, Duboisine and Escyamine. The slight differences in effect noted between these four alkaloids is probably due to traces of other principles not yet studied.

Per 100 Pills.
GELSEMININE, Sul., bottles 25 granules.....1-60 gr. 1 00
(From Gelsemium sempervirens).

Recommended in spermatic and neuralgic affections, acting with very soothing effect on the dental nerves. It has also been employed with a measure of success in controlling cardiac palpitations. Dose, 1 to 3 granules.

HELLEBOREIN, bottles 25 granules.....1-50 gr. 80
(Glucoside, from Radix Helleborus).

May be used as a cardiac stimulant instead of Digitalis. Dose, 1 granule. (See note on Digitaline).

HYOSCYAMINE, Sul., bottles 100 granules.....1-100 gr. 1 20

MUSCARINE, Sul., bottles 25 granules.....1-100 gr. 2 40
Experiments with Muscarine have shown that it irritates the heart nerves, and acts on the organs of respiration. It also produces salivation and flowing of tears. Is antagonistic to Atropine.

PHYSOSTIGMINE, Salicylate, bottles 25 granules.....1-100 gr. 1 00
(From Physostigma venenosum; salicylate of Eserine).

Dose, 1 granule, very cautiously increased.

PODOPHYLLOTOXIN, bottles 25 granules.....1-8 gr. 1 00
(From Podophyllum peltatum).

The active principle of the resin of podophyllum, or podophyllin. Purgative in atonic constipation, etc. Dose, 1 or 2 granules.

SCILLITOXIN, bottles 25 granules.....1-300 gr. 1 00
(From Scilla maritima).

Dose, 1 granule, cautiously increased to 4 granules.

SCLEROTIC ACID, bottles 25 pills.....1 gr. 2 00
(From Ergota; also called sclerotinic acid).

Dose, 1 to 4 grains. Oxytocic and hemostatic.

Recommended by Dr. Planells (in the Revue de Therap. Medch.) in cases where hemorrhage occurs in tubercular disease of the lungs, one grain to be given every half hour or less frequently. It diminishes the excitability of the medullary centres, and lowers the blood pressure.

PILLS, GELATINE-COATED, McKesson & Robbins' in bottles of 25 each.

McK. & R. Sulphate of Quinine.

We have been much gratified by the complimentary reports regarding the appearance and quality of our Cinchona Alkaloids received from both druggists and physicians, and we are happy to inform the trade that our greatly increased arrangements for manufacture, in our new buildings on a larger scale, will guarantee a uniform article and a steady supply. Our Sulphate of Quinine is remarkably white and the crystallization very light, requiring a 9-oz. bottle to hold 1 oz.

The following test is attached to the label of every ounce of Sulphate of Quinine issued by us, and comparison of our Quinine may be made with any other brand in the market:

"To test the purity of SULPHATE OF QUININE put 1 gramme of the Quinine in a tube with 6 grammes of Concent. Sulphuric Ether and 1 gramme Liq. Ammon., when the Quinine, if pure, will be entirely dissolved."

McK. & R. Bi-Sulphate of Quinine.

Particularly fine crystals; should be used in pills and powders in preference to the Sulphate, on account of its ready solubility, requiring only 10 parts of water instead of 700. Spec. McK. & R.

We are constantly prepared to furnish Syrups, Tinctures, Wines and all other Pharmaceutical Preparations, at short notice. Special quotations given by the gallon or larger quantity.

McK. & R. POWDERED DRUGS.

It seems highly proper to place a list of some of the most important powdered drugs in our catalogue of pharmaceutical preparations, because the selection and garbling of the crude drug and its reduction to a powdered form make a *preparation* of the powder, and as such it should carry the label of the producer as a guarantee of its purity, the same as a bottle of Quinine or Fluid Extract. The extra cost of 25 cents for 1 lb. bottles has been objectionable, and we have recently adopted 1 lb. square tins as containers, and prices quoted below, which will be subject to market changes, include the cans, the increased cost for which is trifling. These cans are very sightly and make neat and attractive shelf packages.

Powdered Cinchona Barks and Powdered Opium will be labeled with their respective assays, and upon the labels of Powdered Ergot and Powdered Narcotic Leaves will be stated the year that the crudes were gathered.

Other powders than those here quoted will be furnished, of guaranteed purity, upon application. Our desire is to have the trade order the following powders in 1 lb. cans only, and on that account we have merely added the increased cost, figured down to the lowest basis.

All powders sent out by us, in cans bearing our label, are guaranteed by us.

Specify McKesson & Robbins' powders in pound cans.

Ammonium, Muriate, McK. & R., purified and granulated, for prescriptions	lb.	23

McKESSON & ROBBINS' FLUID EXTRACTS.

FLUID EXTRACT AVA, [Kava Kava]. Reduced price.

A bitter tonic, asserted to be a remedy for gonorrhœa.

FLUID EXTRACT CACTUS GRANDIFLORA.

Recommended as a curative measure in heart disease and angina pectoris.

FLUID EXTRACT BERBERIS AQUIFOLIUM.

Thought to possess tonic and alterative properties; also has been recommended for scrofulous and syphilitic diseases; see page 70.

FLUID EXTRACT BLACK HAW, bark of root.

Reputed efficacious in preventing miscarriage, whether habitual, or threatened as the result of accident.

FLUID EXTRACT BOLDO.

"A tonic, especially in cases where there existed chronic hepatic torpor."

FLUID EXTRACT CASCARA SACRADA. Reduced price.

Of value in bilious affections. Pills of 2 grains Solid Extract; see page 80.

FLUID EXTRACT COCA.

We have Gelatine-Coated Pills of the Solid Extract, 1, 2, and 3 grs.; see note, page 80.

FLUID EXTRACT COTO BARK.

Asserted to be of value as a remedy for diarrhœa.

FLUID EXTRACT DAMIANA. Reduced price.

Reputed to be efficacious in debility of the sexual organs of both sexes caused by abuse, or consequent on old age. For Gelatine-Coated Pills, see page 81.

FLUID EXTRACT ERGOT.

McKESSON & ROBBINS' Fluid Extract Ergot has been thoroughly tried and has given unqualified satisfaction. The fresh drug is carefully selected, and the method of preparation insures uniformity and reliability. One minim of the Fluid Extract represents one grain of Ergot. McKESSON & ROBBINS' Ergotin is reliable and uniform, and in the form of their Gelatine-Coated Pills, has come into very general use; see page 81. Purified Ergotin, specially prepared for hypodermic use, is also offered; see page 69.

FLUID EXTRACT EUCALYPTUS GLOBULUS.

Antiperiodic, and, unlike quinine, it is claimed that it may be given during the febrile paroxysm with ameliorating effects. Also Gelatine-Coated Pills of the Solid Extract; see page 82.

FLUID EXTRACT EVENING PRIMROSE.

Useful in eruptions, especially in tetter. Recommended in asthma, hooping-cough, &c.

FLUID EXTRACT FUCUS VESICULOSUS.

Has been proved of efficacy in decreasing excessive obesity, when given for some time.

FLUID EXTRACT CELSEMIUM.

As many practitioners have expressed a desire for the Fluid Extract made from the fresh root, we have it gathered for us. For price, see page 72. It has been used in intermittent fever; see note, page 82.

FLUID EXTRACT GRINDELIA ROBUSTA.

This plant is a native of California, and has been used successfully as an antidote to Rhus poisoning, and has afforded much relief in hay fever and all asthmatic difficulties. It has also been recommended in catarrh of the urinary organs; see note page 82.

FLUID EXTRACT GUARANA, [Paullinia sorbilis].

Is claimed a specific in sick, nervous, and sun headache, valuable in neuralgia and affections of the mucous membrane, and recommended in diarrhœa, dysentery, and kindred diseases. We offer, also, Elixir, and Gelatine-Coated Pills; see pages 68 and 82.

FLUID EXTRACT JABORANDI.

A powerful diaphoretic and sialagogue, valuable in rheumatism and syphilitic troubles of long standing. We offer Gelatine-Coated Pills; see page 83.

FLUID EXTRACT JAMAICA DOGWOOD. Reduced price.

FLUID EXTRACT LILY OF THE VALLEY.

Spoken of as a cardiac sedative in the place of digitalis.

FLUID EXTRACT MISTLETOE, [Viscum Album].

Has been recommended as a substitute for Ergot, to which it is said to be superior in causing natural (intermittent) contractions.

FLUID EXTRACT QUEBRACHO BARK.

FLUID EXTRACT MOUNTAIN BALM.

A plant native of California. Recommended in bronchitis, pneumonia, chronic colds, and said to be efficacious in diseases of the kidneys and bladder.

FLUID EXTRACT SANDAL WOOD.

Now largely used in gonorrhœa. For Gelatine-Coated Pills of the Solid Extract see page 87.

FLUID EXTRACT SUMBUL.

A nervous stimulant. Recommended in gastric spasms, hysteria, chlorosis, amenorrhœa, dysmenorrhœa, palsy of the limbs, epilepsy, and other nervous disorders. Used in Russia in low fevers of a typhus character, and in asthmatic cases of dysentery and diarrhœa.

FLUID EXTRACT SUNDEW [Drosera].

Useful in affections of the chest.

FLUID EXTRACT USTILAGO MAIDIS [Corn Fungus].

Sometimes called Corn Ergot, and is recommended as a substitute for Ergot of Rye.

RECENT ADDITIONS TO McKesson & Robbins' Pills & Granules.

SEE ALSO PAGE 88.

McK. & R. ACONITINE CRYSTALS (Duquesnel's), 1-500, 1-200 gr., per 100, 60c.
The most uniform and reliable preparation of Aconitine, but very powerful, and should be prescribed with caution as regards amount and frequency of dose.

McK. & R. ALOIN AND STRYCHNINE. { Aloin, 1-5 gr. } per 100, 60c.
{ Strychnina, 1-60 gr. }

A tonic-laxative granule, prescribed for chronic constipation where a purgative action is desired. Especially useful in the treatment of the aged. Since introducing this formula to the profession and adding the granules to our list our sales have been exceedingly large. We have received numerous letters and reports from physicians speaking in the highest terms of the results of their administration, and thanking us for introducing this granule to their notice. It is necessary to specify "McK. & R."

McK. & R. ALOIN, STRYCHNINE AND BELLADONNA, per 100, 60c.
The same formula as the preceding, with the addition of 1-8 gr. Ext. Belladonna to each granule.

McK. & R. ANTI-DYSPEPSIA (Fothergill), { Strychnina, 1-30 gr. } per 100, 60c.
{ Pulv. Ipecac., 2-3 gr. }
{ Pulv. Opier. Nig., 1-12 grs. }
{ Ext. Gentiana, 1 gr. }

This pill is mentioned as a valuable combination for dyspepsia, by Dr. J. Milner Fothergill, in his article on "Atonic Dyspepsia."

McK. & R. ATROPINE AND MORPHINE, No. 1. { Atropina, 1-300 gr. } per 100, 75c.
{ Morphine Sulph., 1-24 gr. }

McK. & R. ATROPINE AND MORPHINE, No. 2. { Atropina, 1-60 gr. } per 100, \$1.00.
{ Morphine Sulph., 1-8 gr. }

McK. & R. BLACK OXIDE OF MANGANESE, 2 grs., per 100, 80c.
Has recently been found valuable in amenorrhoea, or menorrhagia depending on a weak condition of the sexual organ.

McK. & R. CINCHONIDINE AND CAPSICUM. { Cinchonidine Sulph., 2 grs. } per 100, \$1.50.
{ Pulv. Capsici, 1-2 gr. }

McK. & R. DIURETIC. { Ext. Buchu, 1 gr. } per 100, 60c.
{ Potass. Nit., 1 gr. }
{ Scilla pulv., 1-2 gr. }

McK. & R. ERGOTIN PURIF., 1-2 gr. (each pill = 5 grs. Ergot of Rye), 60c.
" " " " 1 gr. " " = 10 grs. " " " 90c.
" " " " 2 grs. " " = 20 grs. " " " \$1.20.
" " " " 3 grs. " " = 30 grs. " " " \$1.60.
" " " " 5 grs. " " = 50 grs. " " " \$2.40.

We manufacture our Purif. Ergotin with great care from the best quality of fresh, selected Ergot, and it contains in the most potent form all the active constituents of Ergot of Rye, each grain representing 10 grs. Ergot, and each 3 gr. pill being equal to half a teaspoonful of official fluid-extract. The value of Ergotin, in the place of the crude drug and the Fluid Preparations, is conceded, and it is being largely administered both in this country and in Europe. It has taken a prominent place in the treatment of Neurotic diseases. Many of our most reliable practitioners, and particularly those of extended experience in Gynecology, assert that they have never found a preparation of Ergot in which, by experience, they felt as much confidence as in McKesson & Robbins' Ergotin Pills. The advantages of prescribing it in this form are obvious. (Dose, 2 to 10 grs.)

WE OFFER OUR ERGOTIN, PREPARED SPECIALLY FOR HYPODERMIC USE, IN ONE OUNCE BOTTLES SPECIFY McK. & R.'s FOR HYPODERMIC USE, AS WE ALSO MANUFACTURE AN ERGOTIN AFTER BOJZJAN'S FORMULA.

McK. & R. ERGOTIN AND ALOIN { Ergotin Purif., 1 gr. } per 100, \$1.25.
{ Aloin, 1-5 gr. }

The use of Ergotin is rapidly increasing in scope. This pill is recommended for its peristaltic action on the mucous membrane.

McK. & R. ERGOTIN AND CANNABIS INDICA. { Ergotin Purif., 1 gr. } per 100, \$1.25.
{ Ext. Cannab. Indic., 1-2 gr. }

Where a continued treatment with Ergot is necessary, the addition of Cannabis Indica is frequently preferred, and many physicians, who have employed this combination for sleepless cases of mania, hemiparesis, and congestive nervous conditions that follow uterine disorders of women, give the quality of these Extracts a very satisfactory mention. Dose, 1 to 8.

McK. & R. EXTRACT CASCARA SAGRADA, 2 grs., per 100, 40c.
Recommended in bilious affections.

McK. & R. GLONINUM (Nitro-Glycerin) 1-100, 1-50 gr., per 100, 60c.
Pronounced beneficial in Neuralgic Headaches.

McK. & R. IODOFORM AND OPIUM. { Iodoformum, 1 gr. } per 100, \$1.50.
{ Pulv. Opii, 1 gr. }

Useful in chronic diarrhoea.

McK. & R. LAXATIVE, SPECIAL. (See Dr. Fordyce Barker's work on Puerperal Diseases.) per 100, 50c.
{ Ext. Caloe. Comp. pulv., 1-23 grs. }
{ Ext. Hyocyami, 1-14 grs. }
{ Aloes Socotrin, pulv., 5-6 gr. }
{ Ext. Nucis Vomicae, 5-12 gr. }
{ Res. Podophylli, Ipecac., pulv., aa, 1-12 gr. }

McK. & R. MERCURY, PROTIODIDE, (Yellow), per 100, 40c.
1-20, 1-10, 1-8, 1-5, 1-4, 1-3 and 1-2 gr., 101 grammes,

Until about two years ago we followed the commonly accepted method for manufacturing this important remedy; but finding it almost impossible to obtain a pure and uniform product, in the quantity required, we devised a new method, which we have brought on to a high degree of perfection. We now obtain the salt absolutely pure, free from the red iodide, oxide, or metallic mercury; and in a perfectly IMPALPABLE POWDER. The irritation of the stomach so frequently caused by the ordinary salt is no doubt, due to impurity, such as red iodide, and is not observed in the use of our protiodide. We will furnish samples of the granules or the salt on application. The Protiodide Mercury used in our granules is freshly made in our own laboratory, and is guaranteed to be reliable. Our immense demand proves that the profession have found them as represented. We have added 1 centigramme, as we have received many inquiries for it, being the identical size of the sugar-coated pills of foreign manufacture.

McK. & R. NITRO-GLYCERIN. (See GLONINUM.)

McK. & R. PETROLEUM, CRUDE (5 gr. size), per 100, 60c.
Each pill contains 2 grains of Petroleum mass. Our pills furnish the best form for administering this remedy

McK. & R. PICROTOXIN, 1-80 grs., per 100, 60c.
Highly recommended in the night-sweating of phthisis.

McK. & R. QUININE AND CAPSICUM, No. 1. { Quinine Sulph., 1 gr. } per 100, \$1.50.
{ Pulv. Capsici, 1-4 gr. }

McK. & R. QUININE AND CAPSICUM, No. 2. { Quinine Sulph., 2 grs. } per 100, \$2.50.
{ Pulv. Capsici, 1-2 gr. }

Send for Ninth Edition of our Formula Book.

CAUTION!—Other pills than ours are sometimes dispensed by druggists from our bottles as McK. & R. pills, a practice which is certainly reprehensible, and, as we are advised, actionable.

PROPRIETARY ARTICLES, AND VARIOUS PREPARATIONS.

WE CARRY THE MOST COMPLETE STOCK OF PROPRIETARY ARTICLES IN THE COUNTRY, AND CAN OFFER SPECIAL INDUCEMENTS IN PRICES.

NOTE.—To facilitate reference to articles in this department, we have embraced American and Foreign manufactures under one heading, continuing double columns for the purpose of condensation. On foreign preparations stamps are no longer necessary. We supply all imported articles which are in market, even if not on this list, at lowest prices.

GOODS BY MAIL.

We have had much trouble during the past year on account of packages sent to us and ordered from us by mail, and would once more caution our customers that the laws are very strict.

All packages, containing POWDERS, or GLASS, except when enclosed in mailing-tins, PAY LETTER POSTAGE OF SIX (ENTS AN OUNCE. All sealed packages must be prepaid, six cents an ounce. Packages which can be opened for examination, and which do NOT contain Powders, Glass, or Written Matter can be sent by mail at one cent an ounce.

NOTE.—If the article is not fully prepaid, DOUBLE the balance of postage is charged, when the package is received from the mails, which must in turn be charged to the sender.

ALWAYS HAVE PRINTED ADDRESS on every package sent us by mail or express.

GOODS ORDERED BY MAIL ARE SENT AT THE RISK OF CUSTOMERS.

PACKING BOXES AND CARTAGE FREE.

A variety of causes have for some years been operating to change the manner of distributing drugs throughout the country; whereas formerly large purchases were made every Spring and Fall, customers are now buying in smaller quantities at frequent intervals, and the extra charges for packing boxes and cartage have lately appeared a greater tax than before.

The practice of discriminating, in this respect, in favor of certain customers, which has become more or less general in the trade, is not according to good principles, and we propose to make no charge for packing boxes and cartage. FOR ASSORTED GOODS, to customers sending orders; at the same time our prices will always be as low as quantities ordered and quality will allow. This will not apply to 25 and 50 lb. packages for which it is the custom of the trade to charge, patent cans and cases, kegs and half barrels, barrels for Chalk, Whiting, cases and barrels for Glassware, when such charges are made by manufacturers, &c., nor to orders sold through Brokers.

Trusting that your orders with us will be largely increased, we remain,

Very respectfully yours,

McKesson & Robbins.

McKESSON & ROBBINS

RESPECTFULLY OFFER THE FOLLOWING

SPECIALTIES:

IMPORTED INSECT POWDER

Kills Cockroaches, Croton Bugs, Ants, Fleas, Lice, Bedbugs, Musquitoes, Moths and all other insects which infect houses, annoy animals and destroy plants and flowers. This Powder is imported by us direct, and our large facilities and extended correspondence enable us to procure the very best article fresh and pure.

Directions.—Three things are necessary to remember: 1st. Use it in the daytime, by dusting it into holes and crevices around the

sides of the room, as the insects are concealed during the day. 2d. The insects are destroyed by breathing the Powder, not by eating it, therefore distribute thoroughly. 3d. KEEP THE BOTTLE WELL CORKED and free from air to preserve its properties. Flannels and woolen goods of all kinds are protected from Moths by scattering this Powder upon them and wrapping in linen or paper.

It is not injurious to human nor animal life.

Sold by McKESSON & ROBBINS, 91 FULTON STREET, NEW YORK,
AND DRUGGISTS GENERALLY.

Fac-simile of Label, which is printed on yellow paper, making a neat and attractive appearance.

TWENTY-EIGHTH YEAR

— OF THE —

Druggists Circular and Chemical Gazette.

The Leading Technical Pharmaceutical Journal. Issued Monthly, Price \$1.60 a year.

Weekly Drug News and Prices Current.

EIGHTH VOLUME.

Newspaper devoted to the interests of Retail Pharmacists, with special reference to the Transactions of Colleges and Societies, Market Reports and Trade Matters. Price, \$2.00 per year.

These two journals cover the entire field of Pharmaceutical Literature and News, and are indispensable to every progressive Pharmacist.

The Druggists Circular & Weekly Drug News to one address, \$3.00 a year in advance.

— READ WHAT SUBSCRIBERS SAY OF THEM: —

Dr. A. B. HUESTED, President of the New York State Pharmaceutical Association and the Albany College of Pharmacy, writes:—"I find *The Drug News* a very acceptable and interesting journal. Published weekly, it gives us the events of Pharmaceutical interests as they transpire, and affords a speedy means of communicating important items to those whom they concern. I look for its weekly coming with much interest."

Prof. S. A. D. SHEPPARD, of the Massachusetts College of Pharmacy and President of the Massachusetts State Pharmaceutical Association, writes:—"I think that *The Weekly Drug News* is one of the live pharmaceutical journals of the day, and deserves to have a very large circulation among Pharmacists."

Mr. J. W. COLCORD, of Lynn, Mass., Secretary of the Massachusetts State Pharmaceutical Association, writes:—"I have no hesitation in saying that *The Weekly Drug News* is the paper *par excellence* for the retail druggist, to whose interests it is entirely devoted. I consider its market reports particularly of great value on account of their completeness and accuracy."

Mr. T. J. MACMAHAN, New York, writes:—"I congratulate you on the success of your paper. We don't want to do without *The Weekly Drug News*."

Mr. H. J. DIMOND, Buffalo, N. Y., writes:—"As regards the works, I must say I am very much pleased with *The Weekly Drug News*, and you can count upon me as a regular subscriber."

Mr. S. J. BENDINER, New York, writes:—"I gladly note the sprightliness and enterprise of *The Weekly Drug News*. As it is a punctual visitor, I pleasantly anticipate its arrival for 'news' and food for thought."

Mr. CHAS. H. SCOVILLE, Tonawanda, N. Y., writes:—"Your *Drug News* at hand every week regularly. Your price quotations weekly are worth the price of the journal a year. Could not get along without it to keep posted."

Mr. ELLIOT BANKSON, Dayton, Ohio, writes:—"I could not do without *The Weekly Drug News*. It is just what it claims to be, a 'Retail Druggist's Paper.'"

Mr. J. R. ARMISTEAD, Hopkinsville, Ky., writes:—"The *Weekly Drug News* should be on the desk of every druggist in the United States. Its value cannot be estimated. I would not be without it at five times its cost."

I have been reading *The Druggists' Circular* for twenty-five years, and although I have been out of the drug business for fifteen years, I still keep up with your valuable journal. I feel that it is one of the indispensable. I have derived much pleasure and profit from it. For the average druggist, it is the most suitable of any pharmaceutical journal that is published. I have them bound for the past twenty years, and I think it is a valuable acquisition to my library, and no money could purchase them.

ROBERT S. DRAKE, M. D.,
St. Louis, Mo.

I have only taken *The Druggists' Circular* for two years, but would not be without it for many times the cost. It pays for itself over and over every year.

F. A. BUNCE, Kipton, O.

We find *The Druggists' Circular* one of the best pharmaceutical papers for information and knowledge issued.

J. G. WALTHER & SON,
Allegheny City, Pa.

Better pleased every year with *The Druggists' Circular*, and would feel lost without it.

J. W. SPARROW, Decatur, Texas.

Inclosed I send you P. O. money order for \$1.60, to renew my subscription to *The Druggists' Circular* and *Chemical Gazette*. I would almost as soon think of doing without the Pharmacopoeia as *The Druggists' Circular*.

H. W. SPANGLER, Perry Kas.

Every year I think more of the *Circular*, and should I go into other business, would always have it. I have read most all the others, and none can compare with it.

WILLIS H. ALBRO, Medina, O.

We inclose check for \$3.20 to renew subscription for *Druggists' Circular* (two copies) for current year. We cannot do without this valuable paper.

For Sale by **McKESSON & ROBBINS.**

PUFFER'S FRIGID SODA APPARATUS.

THE FRIGID SODA AND MINERAL WATER APPARATUS,

by long experience and the strongest working tests, has proved itself the best dispensing Apparatus adapted to a large business and successful trade. All Apparatus manufactured by us are fitted with our **Patent Solid Block Tin Cooler**, made wet and dry, from which the coldest and purest beverages are drawn. All our couplings and connections are made of block tin, thus preventing any possibility of contamination, and rendering the Apparatus more durable. Special attention is called to the advantages of our

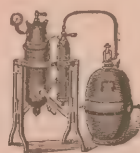

MINERAL ARC.

Nothing has ever been offered to the trade that so fully answers the purpose for which it is intended as this novel and beautiful device. The great demand for it, and the expressions of admiration from all sections of the country, are ample evidence of its value to the dealer.

It is adapted to all classes of trade where beverages of any description are dispensed, being equally desirable for *Soda, Mineral Water, Beer, &c.* Its great superiority on account of its fine display, combined with the limited space

it occupies on the counter, in comparison with all other Apparatus, cannot be over-estimated.

We introduced last season a

STEEL SODA FOUNTAIN,

constituted on a new and improved principle, whereby the strength and durability of this fountain over all others is greatly increased. *Our Iron Generators are of new and improved pattern.* Our new styles of Counter Apparatus introduced last season are of the most beautiful description, and introduce attractions never before incorporated in Soda Water Apparatus.

To all parties contemplating making any change in their Apparatus, our Illustrated Catalogue, containing full particulars, will be sent free on application.

PIPES.

The celebrated “HOUSEHOLD” Syringe is manufactured of **PURE RUBBER** and **JET**. Unlike all other syringes it has no metal fittings to become corroded, nor any screw threads or washers which are so liable to get out of order, thus making the Syringe useless. The Injection Tubes being non-conductors of heat, are soothing and agreeable in use, and easily exchanged by inserting them into the socket. For efficiency, cleanliness and durability the “HOUSEHOLD” is the most perfect Syringe obtainable.

The Complete Steam Atomizer.

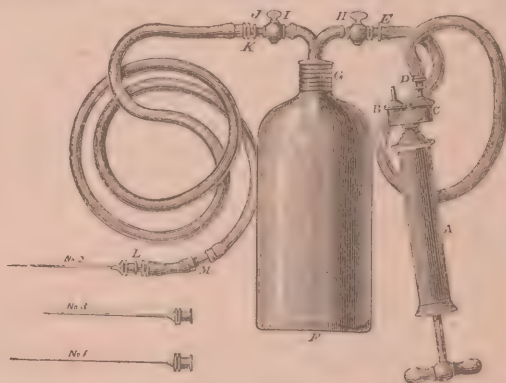

(PATENTED.)

CODMAN & SHURTLEFF,
BOSTON.

BEYOND QUESTION THE BEST IN THE WORLD. Also, Complete Steam Atomizer, No. 46, large; Steam Atomizer, No. 90, for Antiseptic Surgery; Steam Atomizer, No. 91, Safety, for Antiseptic Surgery. Clark's Atomizer; Atomizer for local Anæsthesia; Shurtlett's Atomizer; the Boston Atomizer; Dr. Knight's Atomizers, Nos. 64, 75, 76, respectively, with forward, downward, and upward spray. Dr. Knight's Atomizers, Non-Corroding, Nos. 87, 88, 89, sprays same as above; Non-Corroding and Non-Fragible Atomizing Tubes; Perfume Atomizers, Nos. 56 and 100; Atomizers by Compressed Air; Nickel-Plated Metal, Glass, Hard Rubber, Silver, Silver and Platinum, and Platinum Atomizing Tubes; Atomizing Tubes and Atomizers for every purpose made to order.

CODMAN & SHURTLEFF'S MODIFICATION of the POTAIN-DIEULAFOY ASPIRATORS.

N. B.—Many of our manufactures having been received with marked favor, imitations of them have become numerous; and these are of so faulty and even dangerous a character that we respectfully suggest to purchasers the need of special care in purchasing. These remarks apply with particular force in connection with Atomizers and Aspirators.

STRONG ELASTIC BANDAGES FOR TREATMENT OF VARICOSE VEINS, ULCERS, ETC.—Descriptive Pamphlet, with sizes, prices, etc., on application. Fine Hypodermic Syringes; Apparatus for Inhalation of Vapors, Air, and Gases; Miscellaneous Articles for Invalids; Anti-Dust and Anti-Cold Air Respirators; Pratt's and other splints; Elastic Hose, very superior qualities, and at low prices; Veterinary Instruments of every description, etc., etc. Factory with steam power, ample machinery and a large corps of skilled workmen. Importers of Manikins, Models, Skeletons, Skulls, English and French Catheters and Bougies, French Rubber Urinals, Gaiffe's Batteries, Clinical Thermometers, etc., etc.

Please Note the following Changes in our Method
of Selling our

MALTINE PREPARATIONS.

NEW YORK, December 1, 1882.

On and after this date the prices of our Maltine Preparations, in assorted lots of \$100.00 and upwards, will be as follows:

	Pints, per Doz.	5 Ft. Bots., ea.
MALTINE (Plain)	\$7 50	\$2 75
MALTINE with Hops	7 50	2 75
MALTINE with Alteratives	10 00	3 50
MALTINE with Beef and Iron	10 00	3 50
MALTINE with Cod Liver Oil	7 50	2 75
MALTINE with Cod Liver Oil and Pancreatine	7 50	2 75
MALTINE with Hypophosphites	10 00	3 50
MALTINE with Phosphorus Comp	10 00	3 50
MALTINE with Peptones	12 00	4 50
MALTINE with Pepsine and Pancreatine	10 00	3 50
MALTINE with Phosphates	7 50	2 75
MALTINE with Phosphates Iron and Quinia	12 00	4 50
MALTINE with Phosphates Iron, Quinia, and Strychnia	12 00	4 50
MALTINE Ferrated	7 50	2 75
MALTINE WINE	7 50	2 75
MALTINE WINE with Pepsin and Pancreatine	10 00	3 50
MALTO-YERBINE	7 50	2 75
MALTO-VIBURNIN	10 00	3 50

Time of payment will not exceed 30 days. A discount of 10 per cent. from above prices will be allowed to those who contract with us not to sell our MALTINE Preparations below the above list prices, and also an additional discount of one per cent. for prompt cash on receipt of invoice. No better prices will be allowed for larger quantities.

We do not become responsible for delivery of goods, and make all shipments at risk of purchaser. We agree to deliver free on board in Yonkers, N. Y., or in New York City, and pay freight to your city, over lines of our own selection, deducting same from invoice at time of shipment. We shall, however, exercise due care in selecting such lines as will best suit our mutual interests, and the safe and speedy transportation of your goods.

You will notice by the enclosed form of contract that the jobber who purchases \$100 worth of MALTINE at one time, is at liberty to sell to the small jobber not less than \$25 worth of MALTINE, assorted, at a discount of five per cent. from the above prices.]

We recognize the fact that our list of MALTINE Preparations is large and also that in some localities the demand for a few of the combinations is limited, and for this reason we wish to offer the trade everywhere *absolute* security against the possibility of loss, should any of these slower-selling products accumulate. After a little experience it will not be difficult to determine upon the kinds of MALTINE that are generally demanded in your market, and therefore you can easily assort the \$100 lot; still we shall esteem it a favor if you will order a *few* of each of our MALTINE Preparations, in order to be able to supply promptly the growing demand for them.

In order that you may feel perfectly secure in doing this, we hereby agree to relieve you once every three months of any MALTINE that you have accumulated that you may consider slow stock, and place in your hands the same amount of value in MALTINE that is salable, we paying transportation both ways. Thus it will be seen you take no risk, and accumulate no unsalable stock.

We will furnish the five pint bottles, when required, at ten per cent. off, freight paid, in any quantity.

This plan has been adopted to secure to the trade a fair profit, and we trust it will meet with your approval and co-operation.

Thanking you for liberal patronage in the past, and soliciting a continuance of your valuable favors, we remain,

Yours, very respectfully,

THE MALTINE MANUFACTURING CO.,

JOHN CARRICK, President.

(Of REED & CARRICK, Manufacturing Chemists and Pharmacists).

Kept in stock by McKesson & Robbins.

NATRONA BICARB. SODA.

"THE BEST IN THE WORLD."

(ABSOLUTELY PURE.)

The nature of the raw material from which NATRONA BICARBONATE OF SODA is made—viz., cryolite, a mineral containing *pure sodium*—ensures a purity and uniformity of product which cannot be obtained from any other known material. In making Bicarb. Soda from any other raw material, the use of sulphuric acid is a necessity, but none is used in any part of the process of making NATRONA BICARB.; hence its entire freedom from the slightest trace of arsenic, which is always present in ordinary soda. Its absolute purity and entire freedom from all traces of *sulphate of soda*, common salt, and other impurities, render NATRONA BICARB. NEARLY TASTELESS, and being bolted through the finest bolt-cloth ensures the finest state of division.

To these indisputable facts the attention of CONSUMERS of soda is especially called. They are IMPORTANT, and should influence both those who use and those who sell soda to buy and sell NONE BUT THE BEST.

The NATRONA Bicarb. Soda having supplanted the English Bicarb. in the American market, is kept in stock by almost every wholesale druggist and grocer throughout the United States, of whom it may be ordered.

NATRONA BICARB. SODA is unequalled by any other brand of ENGLISH or AMERICAN manufacture.

PENNSYLVANIA SALT MANUFACTURING CO.,

**GOLD MEDAL AT VIENNA IN 1883
OVER ALL COMPETITORS.**

ANOTHER INTERNATIONAL VICTORY FOR

SEABURY & JOHNSON.

[MEDICAL JURORS' AWARD.

"Originality, Reliability, and General Excellence of Manufactures."
[A VERDICT UNIVERSALLY AND CONTINUOUSLY SUSTAINED.]

IMPROVED ABSORBENT

L I N T

In Price, CHEAPEST. In Quality, BEST. In Use, MOST ECONOMICAL.

ADVANTAGES OVER OTHER MAKES.

25 per cent. cheaper than any in market.

20 per cent. more surface to the pound roll.

Greater absorbency, and manufactured of pure materials.

Tears in both directions—most lint tears only one way.

We are the original producers in this country.

Price in pounds, 65 cts. ; in ounces, 85 cts. ; in Retail Packets, per gross, \$6.00
(SUBJECT TO OUR USUAL DISCOUNTS.)

Our Lint is displacing Absorbent Cotton and other articles that in the past have been employed as substitutes. Our price for Lint is about the same as that demanded for Absorbent Cotton.

THE BEST QUALITY ONLY.

Our operations are conducted wholly to serve the best interest of the medical practitioner, to strengthen the intelligence of the dispensing pharmacist and druggist, to comfort the patient, and not to serve commercial ends by producing or abetting a class of suspicious medicinal (?) agents, that should be suppressed by every dealer who has an honest regard for the progress and morale of Medicine and Pharmacy.

Every article is made of refined materials—pure unadulterated fabrics—as-sayed medicinal agents, and after official formulæ. Our only aim and ambition is and always will be to excel in making the very highest quality, in the most acceptable and practical form, at exceedingly reasonable rates.

THE ONLY DEMAND WE MAKE IS THAT OUR TRADE MARK BE RESPECTED.

BENSON'S CAPCINE PLASTERS.

Pharmacists and Druggists are cautioned against purchasing colorable or fraudulent imitations; the number of imitators is increasing, and with them a class of preparations that are in no sense what is claimed for them by unscrupulous solicitors and makers, of being "just as good and the same thing."

When trade marks, labels, and packages of a reputable manufacturer are pirated and imitated in any manner, it is prima-facie evidence that the genuine article is entitled to and has received the confidence of the purchaser and consumer; every dealer understands that the composition of an imitation cannot be the same as the original preparation. IMITATIONS ARE

MANUFACTURED AND SOLD FOR THE PURPOSE OF DECEPTION.

Benson's Capcine Plasters have merited their immense sale through their highly beneficial and powerful curative action of incorporated alkaloidal and medicinal concentrations, found in no other preparation. To avoid impos-

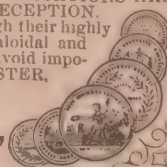

sition, see that the word "CAPCINE" is cut in the PLASTER, and that our special trade-marked Stamp is affixed.

COLUMBIA CHEMICAL WORKS,

66 Water and 51 and 53 Front Sts.,

BROOKLYN, N. Y.

CARBONATE OF MAGNESIA.

Free from grit and insoluble matter.

Medal Awarded American Institute, 1881.

Comparative analyses of samples of Carbonate of Magnesia, made by Jennings, of Cork, and Columbia Chemical Works, 66 Water St., Brooklyn :

	Jennings.	Columbia Chemical Works.
Carbonate of Magnesia.....	74.63	77.19
Oxide of Magnesia (Hydrate)	1.82	0.60
Carbonate of Lime.....	1.27	0.07
Carbonate of Soda.....	0.54	0.73
Iron and Aluminium Oxides.....	0.22	0.03
Water of Combination.....	21.52	21.38
	100.00	100.00
Weight of Cubic Foot, lbs	10.73	9.81

W. M. HABIRSHAW, F. C. S.

These analyses show it to be purer than "Jennings," which has been the standard for many years.

THE POWDERED CARBONATE IS VERY FINE AND SOFT,

Free from grit, and is extensively use for the preparation of Face Powders, Colors, etc., and of the Citrate and other salts of Magnesia, as it dissolves at once without residue, and is cheaper than the cakes. It is put up in barrels of about 60 lbs., casks of about 200 lbs., and one pound cartoons, 100 to a case. Half barrels and other packages furnished to order.

The cakes are uniform in texture, size, and shape, carefully selected, free from cracks, and will neither crumble nor soften, and will wear away without breaking.

The standard sizes are four oz., two oz., and one oz., packed in 100 lb. cases, and small squares, 144 to the pound, packed in paper boxes of one lb. each, one hundred boxes to a case. Special shapes and packages made when desired. Estimates furnished on application.

Calcined Magnesia, Light and Heavy, Epsom Salts, Glauber's Salts, etc.

C. C. PARSONS' HOUSEHOLD AMMONIA,

For Laundry, Toilet, Bath, and House Cleaning.

TRADE SUPPLIED BY MCKESSON & ROBBINS.

SMITH, KLINE & CO.'S CONCENTRATED LIQUORS,

For Extemporaneously Preparing
CHEMICAL SYRUPS.

Any Quantity of a Required Syrup at a Moment's Notice.

Liquor Ferri Iodidi.

\$2.50 PER POUND.

One volume added to seven volumes of Syrupus forms Syr. Ferri Iodidi U. S. P., brilliant and free from any yellow tint.

CHEMICAL LABORATORY OF THE UNIVERSITY OF MICHIGAN.

JANUARY 10th, 1884.

Upon a quantitative determination of the ferrous iodide in the "LIQUOR FERRI IODIDI," manufactured by Messrs. SMITH, KLINE & Co., I find **Fifty-eight** grains of the Iodide of Iron in one fluid drachm of the preparation.

Therefore, with seven volumes of syrup it furnishes a "Syrup of Iodide of Iron," of the strength required by the Pharmacopœia of 1870. Further I find that it **DOES NOT CONTAIN CHLORIDE OR ANY FREE ACID**. Even after standing **THREE MONTHS** in a loosely stoppered bottle, frequently opened, **IT DOES NOT CONTAIN ANY FERRIC SALT OR ANY FREE IODINE**, thus fully resisting oxidation by the air.

I obtained the sample on the open market.

ALBERT B. PRESCOTT, M. D., F. C. S.,
Professor of Organic and Applied Chemistry.

LIQUOR PHOSPH. COMP. (For making "Chemical Food.")	Per Pound	\$1 25
LIQUOR FERRI ET QUINÆ ET STRYCHNINÆ PHOSPH. (For making "Easton's Syrup.")	Per Pound	5 50

APPLICATION.

The post office laws forbid anything of an oleaginous nature being sent through the mails.

In chemical composition, Cosmoline (Unguentum Petrolei) is an oleaginous hydrocarbon, corresponding to the heavy petroleum oils, and containing a large amount of the paraffines and olefines of the formula $C_{16}H_{34}$ and $C_{16}H_{32}$. It contains but a small percentage of the paraffines and olefines corresponding to the formula C_7H_{16} and C_7H_{14} , respectively, and the offensive and irritating properties of the crude oil have been carefully removed. In the process of purification, no acids, alkalies, or other chemicals are employed, and no injurious additions of any kind are made to the natural product. The result is a semi-solid, translucent substance, with a faint odor and unctuous feel.

Cosmoline (Unguentum Petrolei) melts at about 106° Fah. (38° Cent.), and boils at about 625° Fah., (329° Cent.); its specific gravity is about 0.875 at 60° Fah.

As it contains no oxidizable or organic matter capable of change by putrefaction or fermentation, and is absolutely without affinity for moisture, it offers to the profession an admirable unguent, which can never decompose, ferment or become rancid in any climate or temperature.

PHILADELPHIA, July 10, 1880.

MESSEURS. E. F. HOUGHTON & CO.: I have for a number of years made extensive use of Cosmoline (Unguentum Petrolei), and consider it a most valuable article for surgical purposes. Either as a dressing by itself, or as a vehicle for the application of medicaments, it is greatly superior to lard or oil or fatty matters, especially by reason of its non-liability to change by time or temperature.

Yours truly,

[JOHN H. PACKARD, M.D.]

1031 WALNUT STREET, PHILADELPHIA.

MESSEURS. E. F. HOUGHTON & CO.: I have used extensively Cosmoline (Unguentum Petrolei) both in Dispensary and private practice, with very great satisfaction. As a vehicle in making ointments it is invaluable, and far superior to lard, for the reason that it will not become rancid or undergo chemical change like the latter, when exposed to the atmosphere. I cannot too highly commend it as an application in various skin diseases.

Yours truly,

JOHN V. SHOEMAKER, A.M., M.D.

Physician to the Pennsylvania Free Dispensary for Skin Disease.

208 WEST 64TH STREET, NEW YORK.

MESSEURS. E. F. HOUGHTON & CO.—Gents: I fully appreciate the value of your Cosmoline, or Unguentum Petrolei, and prescribe it frequently in ointments. Fluid Cosmoline I have used constantly for several years, as a lubricant of urethral sounds. It is the cleanest oil I know of for this purpose.

Yours truly,

GEO. HENRY FOX.

FOR A SUCCESSION THE ENTIRE SEASON PLANT... AMERICAN WONDER ABUNDANCE BEARING PEAS

Pea, Bliss' Abundance.—90 pods counted on a single plant. Very productive, 15 to 18 inches high. Second Early. Excellent quality. 25 cents per packet; 5 packets, \$1.00.

Pea, Bliss' Ever-bearing.—A perpetual bearer, yielding a full crop until frost; an excellent late variety, 18 to 24 in. high. Peas, 1 1-2 inches in circumference. Very productive. 25c. per pkt.; 5 pkts., \$1.00.

Pea, Bliss' American Wonder.—The best and earliest variety grown. Very dwarf, excellent flavor. 20 cents per packet; 40 cents per pint; 75 cents per quart, post-paid.

N. B.—These three varieties will give Peas the entire season until frost. Require no brushing. American Champion Water-melon. The best eating and best shipping melon grown. More productive than any other sort. 25 cts. per pkt.; 5 pkts. \$1.00.

Cauliflower, Sea Foam.—The best early variety; sure to head. 50 cents per packet. **Rhubarb, Early Paragon.**—A new English variety. The earliest and most productive. Never runs to seed. Roots only for sale, 75 cts. each, post-paid.

Pansy, Bliss' Perfection.—The choicest strain yet produced. Our *Gardeners' Hand-Book*, for 1884, contains a beautifully colored plate of this magnificent variety. 50 cents per packet of 50 seeds. **Carnation, Shakespearian.**—The finest ever introduced. Continue in flower the whole season. 50 cents per packet. Plants, 50 cents each. \$4.00 for the set of 9 varieties.

Wild Garden Seeds.—A mixture of two varieties of flower seeds. A packet will plant a square rod of ground. 25 cts. per packet; 5 packets, \$1.00. For other Novelties, see **Bliss' Illustrated Novelty List**, which describes the newest and choicest flowers, vegetables, fruits, cereals, plants, etc. Mailed free.

Bliss' Hand-Book for Farm and Garden. 150 Pages, 300 Illustrations. Beautiful colored plate. It tells WHAT, WHEN, and HOW to plant, and is invaluable to all interested in gardening or farming. Mailed for 6 Cents.

B. K. BLISS & SONS, 34 Barclay Street, New-York.

34 Barclay Street, New York.**

N. B.—Druggists selling seeds should send for our Trade List: Mailed free on application.

ORDERS MAY BE SENT DIRECT OR THROUGH McKESSON & ROBBINS.

FEHLING'S TEST TABLETS.

*For the rapid and accurate estimation of Sugar in the
Urine of Diabetic patients.*

The methods generally followed in detecting the presence and determining the quantity of diabetic sugar in urine, by the use of an alkaline solution of cupric tartrate and other liquid reagents, though, in the main, giving correct results, are neither convenient nor very rapid of execution, and Physicians who usually have a large amount of such testing to do, find it especially so.

In compliance with requests from several medical friends, extensively engaged in urinary analysis, we are now manufacturing on a large scale, Compressed Chemical Tablets, representing the solid constituents of the well known test solution of Fehling, which is that most frequently employed, and yielding by far the most correct results.

By the use of our very complete apparatus and appliances, devised and constructed especially for the purpose, we are enabled to secure a degree of precision and accuracy unattainable by ordinary means.

The advantages in portability, saving of time, and calculations, are obvious, and, after a single trial, the Tablets will commend themselves at once to Physicians, Druggists, and others interested in the analysis of urine, syrup, etc.

To detect the presence of sugar:—It is sufficient to add a few drops of the Test Solution to a small quantity of urine contained in a test tube, and *boiling*; the mixture will then assume a turbid appearance, caused by the liberation of red cuprous oxide, which will deposit on standing.

To determine the exact quantity of sugar:—Dilute 16 minims of the Test Solution with 1 fluid drachm (4 c.c.) of distilled water, and in another vessel, dilute 16 minims (1 c.c.) of urine, with enough distilled water to measure 160 minims (10 c.c.) Boil the test solution, and add the diluted urine, until the blue color is completely discharged. The quantity of the latter employed is divided by 10, and the result represents pure urine, containing 1.12 gr. (0.005 gm.) of sugar.

To Prepare Fehling's Test Solution.

DIRECTIONS.—First. Dissolve the Caustic Soda in sufficient water to measure fifty minims.

Second. Dilute two minims of the Solution of Soda with twelve minims of water, and, in this, dissolve one of each of the Tablets (Nos. 1 and 2) with the aid of heat.

Sixteen minims (1 c.c.) of this Solution are decolorized, with precipitation of red oxide of copper, by the addition of 1.12 gr. (0.005 gm.) of glucose, contained in urine, etc.

The Tablets must be kept in well-stoppered bottles, and in a dry place.

Bottles containing twenty five (25) Tablets, with directions for use, will be mailed on receipt of forty (40) cents.

Per Dozen ----- \$ 2 75

Per Gross ----- 30 00

Price Lists and Descriptive Catalogues of all of our Preparations sent by mail on application.

LICORICE

Equal to the Best Imported, and filling all the requirements of the U. S. Pharmacopœia.

We call the attention of all consumers of Licorice to our now well established brand of this article, and invite comparison with any of the most celebrated foreign brands, as regards *appearance, fracture, flavor, and freedom from grittiness*. The Retailer can make a better profit by selling our Licorice than any of the foreign brands, and at the same time give his customers *equal or better satisfaction*.

LICORICE LOZENGES.

We were the first to manufacture these goods on an extensive scale, and the well earned reputation for beauty, quality, and flavor is still maintained. Put up in handsomely decorated tin canisters of 5 lbs. each for counter display, with scoop for retailing.

AMMONIATED GLYCYRRHIZIN, U. S. P.

The sweet principle of Licorice Root combined with Ammonia. We manufacture this new preparation of the Pharmacopœia, and will send it by mail at 25 cents per ounce, in bulk, postage extra.

Our goods can be obtained from any wholesale Drug House in the United States or Canada, or direct from us.

"SUPERIOR NUTRITION THE LIFE."

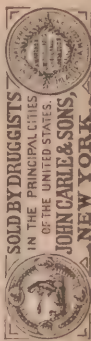

THE SALVATOR FOR INVALIDS AND
THE AGED. AN INCOMPARABLE
ALIMENT FOR THE GROWTH
AND PROTECTION OF INFANTS AND
CHILDREN.

A SUPERIOR NUTRITIVE IN CONTIN-
UED FEVERS, AND A RELIABLE
REMEDIAL AGENT IN ALL
DISEASES OF THE STOMACH AND
INTESTINES.

THIS justly celebrated Dietetic Preparation is, in composition, principally the gluten derived from the WHITE WINTER FLINT WHEAT CEREAL, a solid extract, the invention of an eminent Chemist. It has not only been highly recommended but certified to by a large number of Chemists and Physicians--representing a very high degree of medical science--as the SAFEST, MOST ACCEPTABLE AND RELIABLE FOOD FOR THE GROWTH AND PROTECTION OF INFANTS AND CHILDREN and for Mothers lacking Sufficient Nourishment for their offspring.

Unlike those preparations made from animal or vinous matter, which are liable to stimulate the brain and irritate the digestive organs, it embraces in its elementary composition--
THAT WHICH MAKES STRONG BONE AND MUSCLE. THAT WHICH MAKES GOOD FLESH AND BLOOD. THAT WHICH IS EASY OF DIGESTION--NEVER CONSTIPATING. THAT WHICH IS KIND AND FRIENDLY TO THE BRAIN, AND THAT WHICH ACTS AS A PREVENTIVE OF THOSE INTESTINAL DISORDERS INCIDENTAL TO CHILDHOOD.

And, while it would be difficult to conceive of anything in Food or Dessert more Creamy and Delicious, or more Nourishing and Strengthening as an aliment in Fevers, Pulmonary Complaints, Dyspepsia and General Debility, its Rare Medicinal Excellence in all Intestinal Disorders, especially Dysentery, Chronic Diarrhoea and Cholera Infantum, has been incontrovertibly proven.

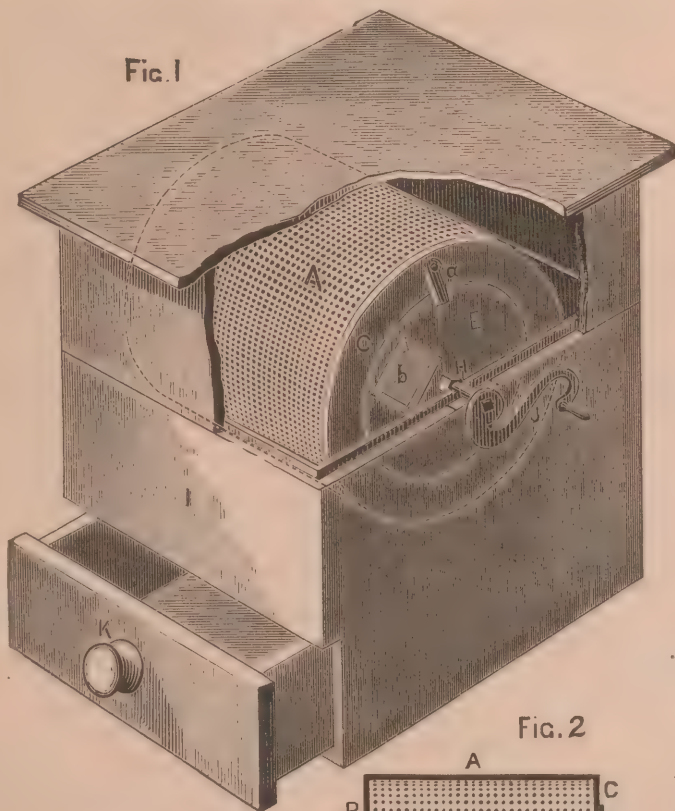

Revolving Sieve and Mixing Machine.

Patented January 28, 1873.

Marechale, Brut	32 00	34 00

WITH LIBERAL DISCOUNTS ACCORDING TO QUANTITIES.

The firm of Ruinart pere & fils, has been established in Rheims since 1729.

The standard of quality of these delicious wines has never varied, and they hold to-day the first rank in England and on the Continent.

ROOSEVELT & HOWLAND,
55 & 57 Beaver Street,
 SOLE AGENTS FOR THE UNITED STATES.

ORDERS FOR THE ABOVE FILLED BY McKESSON & ROBBINS.

INDEX.

NOTE.—For changes in prices of Druggists' Sundries since our issue of 1883, see pages 128 and 129.

For prices of Quinine and Cinchonidine Pills, see fly-leaf.

Absorbent (Proprietary) . . .	97	Ammoniac (Gum)	29	Assimilant (Proprietary) . . .	97
Abstracts, U. S.	65	Ammoniated Copper	21	Asthmalene (Proprietary) . . .	97
Acacia Flowers	28	Ammoniated Iron	33	Asthma Weed	115
Acacia Gum	29	Ammoniated Mercury	39	Atkinson's Extracts	102
Acetal	7	Ammonio-Ferric Alum	10	Atropic Acid	7
Acetate of Aluminium	10	Ammonium	10, 11	Atropine	13
Acetate of Ammonium	10	Amorphous Hyoscyamine	32	Atropine	13
Acetate of Amyl	11	Ampelopsin	11	August Flower	97
Acetate of Barium	13	Amycos	97	Aureoline	97
Acetate of Calcium	17	Amygdalin	11	Ava Kava Root	50
Acetate of Cobalt	20	Amyl	11	Avens Root	50, 115
Acetate of Copper	21	Amylen	11	Axle Grease	103
Acetate of Iron	33	Anæsthetic Ether	23	Babbitt's Potash	47
Acetate of Lead	35	Anacardina	11	Bael Fruit	13
Acetate of Lime (Calcium)	17	Anæsis	97	Balms (Proprietary)	97
Acetate of Magnesium	37	Analysis Quinine Pills	64	Balm of Gilead Buds	17
Acetate of Manganese	38	Anchusa Root	50	Balm Mint	31
Acetate of Mercury	39	Anethum Seed	54	Balsam	13, 66, 97
Acetate of Methyl	39	Angelica Root	50	Balsam Canada	13
Acetate of Morphine	39	Angelica Seed	54	Balsam Copaiba	13
Acetate of Potassium	47	Angostura Bark	13	Balsam Copaiba, Solid	13
Acetate of Quinine	49	Aniline	11	Balsam Fir	13
Acetate of Silver	56	Aniline Family Dyes	67	Balsam Gurjun	13
Acetate of Sodium	57	Anise	29	Balsam, Nervine	66
Acetate of Strontium	59	Anise Seed	54	Balsam, Peru	13
Acetate of Strychnine	59	Anisette	97	Balsam, Riga	13, 66
Acetate of Uranium	60	Anatto	12	Balsam Sulphur	13, 66
Acetate of Zinc	62	Annattoine	13	Balsam Tolu	13
Acetic Acid	7, 65	Annatto Seed	54	Balsam Tranquille	13, 66
Acetic Ether	22	Annihilator (Proprietary)	97	Balsams, Proprietary	97
Acetol (Proprietary)	97	Anodyne	12, 97	Bandoline	98
Aceton	7	Anthracene	12	Barberry	115
Acid Phosphates	7, 8, 9, 65	Anthrakokali	12	Barbier	98
Acids (Proprietary)	7, 8, 9, 65	Antidote (Proprietary)	97	Baptism	13
Aconite Leaf	36, 115	Anti-Fat	97	Barbadoes Aloes	23
Aconite Root	50, 115	Antimony	12	Barbadoes Tar	59
Aconitin	9	Antimonate of Potassium	47	Barberry Bark	13
Aconitine	9	Aperient (Proprietary)	97	Barium	13
Acorn Coffee	20	Apio	12	Barks	13, 14, 15, 115, 116, 117
Æsculin	10	Apocynin	12	Barley	16, 98
Æthylidin, Chloride	10	Apocynum Cannabinum	51, 115	Barosmin	98
African Ginger	51	Apomorphine	12	Bar Wood	61
Agaric	10	Aporo	97	Baryta	15
Agrimony Herb	31, 115	Aqua Ammonie	10	Baryllum	13
Albumen	10	Aqua Fortis	7	Barytes (Barium, Sulphate)	13
Alcohol	10	Arabinat Quinine	49	Basswood Bark	13, 115
Alcoholized Iron	33	Arbor Vitæ	31	Bath Brick	17
Aldehyde	33	Areca Nuts	40	Baths, Penne's	98
Ale, Scotch	10	Aron's Root	50	Battery, Boyd's	98
Alexandria Senna	36	Arnica Flowers	28	Baume Tranquille	13, 66
Algeaphuge (Proprietary)	97	Arnica Herb	31	Bayberry Bark	13, 115
Alisma	97	Arnica Root	50	Bay Rum	15
Alizarin	97	Arnica	12	Bay Wax	61
Alkanet Root	50	Arnold's Ink	103	Bdellium	30
Alkekengi Berries	16	Aromatic Cachous	98	Beans	15
Alkthrepta	16	Aromatic Powder	48	Beatswort Root	115
Allermann's Root	50	Arrowroot	12	Beberia	15
Allevator	97	Arsenate of Antimony	12	Beef-Peptide (Proprietary)	98
Alloxan	10	Arsenate of Caffeine	18	Beef, Roast, Borden's	98
Alloxantin	10	Arsenate of Ammonium	10	Beef, Wine and Iron	93
Allspice	10	Arsenate of Copper	21	Bees-Wax	61
Almond Meal	10	Arsenate of Iron	33	Belladonna Leaf	36, 115
Almonds	10	Arsenate of Potassium	47	Belladonna Plaster	88
Aloes	29	Arsenate of Sodium	57	Belladonna Root	50
Aloetic Acid	7	Arsenate of Strychnine	59	Bellows, Insect	98
Aloin	10	Arsenic	12	Benzine	98
Alterative (Proprietary)	97	Arsenic Acid	7	Benzoated Lard	76
Althæa Flowers	28	Arsenious Acid	7	Benzoate of Aluminium	10
Althæa Herb	31	Arsenite of Copper	21	Benzoate of Ammonium	10
Althæa Root	50	Arsenite of Iron	33	Benzoate of Bismuth	16
Alum	10	Arsenite of Sodium	57	Benzoate of Caffeine	17
Aluminated Copper	21	Artemisia Herb (Mugwort)	31	Benzoate of Iron	33
Aluminate of Iron	33	Artemisia Root	50	Benzoate of Magnesium	37
Aluminium	10	Artists' Colors	119	Benzoate of Sodium	57
Alum Pencils	10	Artists' Materials	119	Benzoate of Zinc	62
Amandine	97	Asafetida	30	Benzoic Acid	7
Amber	29	Assafetida (Proprietary)	97	Benzole Ether	23
Ambergris	10	Asarabacca Root	50	Benzole	15
Amboine	97	Asbestos	13	Benzoin	30
Ambretta Seed	54	Asclepias Incarnata	50, 116	Berberine	13
Ambrosia (Proprietary)	97	Asclepin	13	Bergamot Oil	41
American Arrowroot	12	Ashes, Pot	47	Bermuda Arrowroot	12
American Ipecac	51, 115	Asparagin	13	Berries	16
Ammonia	10	Asparaginic Acid	7	Beth Root	50, 115
Ammonia, Household	97	Asparago (Proprietary)	97	Beth	116
Ammonium, Mono-Carb	11	Asphaltum	30	Betonia Herb	15
		Asphaltum Varnish	119	Berberis Aquifolium Root	50
		Aspidospermin	13	Betony Wood	61

Betula Bark.....	14	Borate of Potassium.....	47	Calabar Bean.....	15
Bicarb. of Ammonium.....	10	Borate of Zinc.....	62	Calamus Root.....	50, 115
Bicarb. of Potassium.....	47	Borax.....	16	Calceitrapa Flowers.....	28
Bicarb. of Sodium.....	57	Boro-Citrate Iron.....	33	Calcined Magnesia.....	38
Bichloride of Carbon.....	18	Boro-Citrate of Magnesium.....	38	Calcium.....	17
Bichloride of Mercury.....	39	Boroglyceride.....	66	Calendula Cerate.....	66
Bichloride of Methyl.....	39	Boxberry.....	115	Calendula Flowers.....	28
Bichloride of Tin.....	60	Botetus.....	16	Calendula Herb.....	31
Bichromate of Ammonium.....	10	Boxes, Ointment.....	123	Callisaya Bark.....	14
Bichromate of Potassium.....	47	Boxes, Tin.....	123	Calomel.....	39
Binoxalate of Rubidium.....	54	Boxes, Turned Wood.....	123	Camphor.....	30
Bimeconate of Morphine.....	39	Bran, Prepared, McK. & R.....	98	Camphorate of Quinine.....	49
Biniodide of Mercury.....	39	Brandy.....	16	Camphor, Fluid (Proprietary).....	99
Binoxalate of Ammonium.....	10	Brazil Wood.....	61	Camphoric Acid.....	7
Binoxalate of Potassium.....	47	Bread (Proprietary).....	98	Camphor Ice.....	99
Binoxide of Barium.....	13	Bread, St. John's.....	15	Camphorine (Proprietary).....	99
Biokrene.....	98	Breast Tea.....	58	Camphor, Monobromated.....	18
Birch Bark.....	14	Brick, Bath.....	17	Cam Wood.....	61
Bird Pepper.....	45	Brilliantine.....	98	Canada Balsam.....	13
Bird Gravel.....	98	Brimstone.....	59	Canada Snake Root.....	50
Biscotina.....	98	Broma.....	98	Canary Seed.....	54
Biscuit (Proprietary).....	98	Bromate of Potassium.....	47	Candies, Gibson's Engl.....	18
Bishop's Salts.....	110	Bromal Hydrate.....	7	Candy.....	18, 99
Bismuth.....	16	Bromic Acid.....	7	Canella Bark.....	14
Bisulphate of Ammonium.....	10	Bromide of Ammonium.....	11	Cannabin, Tannate.....	18
Bisulphate of Cinchonidine.....	20	Bromide of Arsenic.....	12	Cannabis Indica.....	31, 36
Bisulphate of Cinchonine.....	20	Bromide of Barium.....	13	Cantharidal Colloidion.....	21, 67
Bisulphate of Magnesium.....	37	Bromide of Bismuth.....	16	Cantharides.....	18
Bisulphate of Mercury.....	39	Bromide of Cadmium.....	17	Cantharides, Cerate.....	66
Bisulphate of Potassium.....	47	Bromide of Caffeine.....	17	Cantharidin.....	18
Bisulphate of Quinine.....	49	Bromide of Calabarin.....	17	Canton Musk.....	40
Bisulphate of Sodium.....	57	Bromide of Calcium.....	17	Caoutchoucine.....	99
Bisulphide of Cerium.....	18	Bromide of Copine.....	21	Cape Aloes.....	29
Bisulphide of Tin.....	60	Bromide of Copper.....	21	Caproic Acid.....	7
Bisulphite of Ammonium.....	11	Bromide of Ethyl.....	23	Capsules, Poppy.....	18
Bisulphite of Sodium.....	57	Bromide of Gold.....	33	Capsules, (Proprietary).....	99
Bitartrate of Potassium.....	47	Bromide of Iodine.....	33	Caramel (Liquor Coloring).....	18, 66
Bitartrate of Rubidium.....	54	Bromide of Iron.....	33	Caraway Seed.....	55
Bitter Root.....	50, 115	Bromide of Lead.....	35	Carbazotate of Ammonium.....	11
Bitters (Proprietary).....	98	Bromide of Lithium.....	37	Carbazotate Iron.....	33
Bittersweet.....	31, 115	Bromide of Nickel.....	40	Carbazotic Acid.....	7
Black Alder Bark.....	14, 115	Bromide of Magnesium.....	38	Carbolate Camphor.....	18
Black Alder Berries.....	16, 115	Bromide of Manganese.....	38	Carbolate of Lime.....	37
Black Aniline.....	11	Bromide of Mercury.....	39	Carbolate of Potassium.....	47
Black Antimony.....	12	Bromide of Morphine.....	40	Carbolate of Quinine.....	49
Blackberry Juice.....	34	Bromide of Potassium.....	47	Carbolate of Zinc.....	62
Blackberry Leaf.....	36	Bromide of Quinine.....	49	Carbolic Acid.....	7, 65
Blackberry Root.....	50, 115	Bromide of Rubidium.....	54	Carboline.....	99
Blackboard Crayons.....	19	Bromide of Silver.....	56	Carbonate of Ammonium.....	11
Black Cohosh.....	50, 115	Bromide of Sodium.....	57	Carbonate of Barium.....	13
Black Haw.....	14	Bromide of Strontium.....	59	Carbonate of Bismuth.....	16
Black Hellebore.....	51, 116	Bromide of Strychnine.....	59	Carbonate of Cadmium.....	17
Blacking.....	98	Bromide of Zinc.....	62	Carbonate of Cobalt.....	20
Black Indian Hemp.....	51, 116	Bromidia.....	98	Carbonate of Copper.....	21
Black Lead.....	35	Bromine.....	17	Carbonate of Iron.....	33
Black Leather Varnish.....	119	Bromo-Chloralum.....	98	Carbonate of Lead.....	35
Black Oak Bark.....	14, 116	Bromodyne (Proprietary).....	98	Carbonate of Lithium.....	37
Black Oxide of Iron.....	33	Bronchoform.....	17	Carbonate of Magnesium.....	38
Black Oxide of Manganese.....	38	Bronchials.....	98	Carbonate of Manganese.....	38
Black Oxide of Mercury.....	39	Bronchine.....	98	Carbonate of Nickel.....	40
Black Paints, Dry and in Oil.....	118	Bronze, Liquid.....	98	Carbonate of Potassium.....	47
Black Pepper.....	46	Brown Aniline.....	12	Carbonate of Silver.....	56
Black Root.....	50, 115	Brown Paints, Dry and in Oil.....	118	Carbonate of Sodium.....	57
Black Smalts.....	56	Bruceine.....	118	Carbonate of Strontium.....	59
Black Varnish.....	119	Bryony Root.....	50	Carbonate of Zinc.....	62
Bladders.....	16	Buchu Extract.....	24, 75	Carbon Bisulphide.....	18
Blatta Orientalis.....	16	Buchu Extract (Proprietary).....	101	Cardamom Seed.....	55
Blessed Thistle.....	31, 115	Buchu Leaf.....	98	Carduus Benedictus.....	31
Blind Nettle Flowers.....	28	Buchupalpa (Proprietary).....	98	Carduus Benedictus Seed.....	55
Blood's Ink Ext'ng Pencil.....	106	Buckbean.....	31, 115	Carduus Marianus Seed.....	55
Blood, Dessic. (Proprietary).....	98	Buckthorn Berries.....	16	Carex Root.....	50
Blood Searcher.....	98	Buds.....	17	Carline Thistle Root.....	50
Bloom of Youth.....	98	Bugloss Herb.....	31, 115	Carlsbad Salts.....	54, 110
Blue Aniline.....	11	Burdock Herb.....	60	Carminative (Proprietary).....	99
Blue Centaury Flowers.....	28	Burdock Root.....	60	Carmines.....	19
Blue Cohosh Root.....	50, 115	Burdock Seed.....	54	Carpenters' Chalk.....	19
Blue Flag Root.....	51, 115	Burgundy Pitch.....	46	Casca Bark.....	14
Blue, Laundry.....	98	Burnt Sponge.....	58	Casacara Sagrada Bark.....	14
Blue Paints, Dry and in Oil.....	118	Butter Coloring.....	99	Cascarella Bark.....	14
Blue Pill.....	46, 98	Butternut Bark.....	14, 115	Casin.....	19
Blue Vervain.....	31, 117	Butternut Leaf.....	36	Cashew Nuts.....	40
Blue Vitriol.....	21	Butter of Antimony.....	12	Cassia Bark.....	14
Bluing, Laundry.....	98	Butter of Cacao.....	17	Cassia Buds.....	17
Boldo Leaf.....	36	Butylchloral.....	17	Cassia, Fistula.....	19
Bole Armenian.....	16	Butyrateous Ether.....	23	Castile Soap.....	58
Bolivia Bark.....	14	Butyrate of Ammonium.....	11	Castor Beans.....	15
Bonbons (Proprietary).....	98	Butyrate of Amyl.....	11	Castoria (Proprietary).....	99
Books.....	123	Butyric Acid.....	7	Castor Fiber.....	19
Boric Acid.....	7	Butyric Ether.....	23	Castor Oil.....	41, 105
Borage Flowers.....	28	Cacao, Butter of.....	17	Castor Oil Leaf.....	30
Borage Herb.....	31, 115	Cadmium.....	17	Catechu.....	30
Borate of Ammonium.....	11	Cesium Chloride.....	17	Cathartic Acid.....	8
Borate of Lead.....	35	Caffeine.....	18	Catharticon.....	19
Borate of Magnesium.....	38	Cahinea Root (Cainca).....	50	Catholicon (Proprietary).....	98

Caulcorea (Proprietary).....	99	Chlorinated Soda.....	57	Coltsfoot Herb.....	31, 115
Caulophyllin.....	19	Chlorodyne.....	66, 99	Coltsfoot Rock, (Candy).....	18
Caustic Alumina.....	10	Chloroform.....	20, 66	Coltsfoot Root.....	51
Caustic Baryta.....	15	Chloro-Phosphide Arsenic.....	12	Comedone (Proprietary).....	99
Caustic Lime.....	37	Chocolate.....	99	Comfits.....	99
Caustic Potassa.....	47	Cholagogue.....	99	Comfrey Root.....	51, 115
Caustic Soda.....	57	Choleate of Sodium.....	37	Comifera (Proprietary).....	99
Caustic Strontia.....	59	Cholesterin.....	20	Composition Powder.....	48
Caustics in wood.....	99	Chromate of Ammonium.....	11	Compound (Proprietary).....	99
Cedar Berries.....	16	Chromate of Barium.....	13	Compressed Camphor.....	30
Celery Seed.....	55	Chromate of Calcium.....	17	Compromise (Proprietary).....	99
Cement (Proprietary).....	99	Chromate of Cobalt.....	20	Concentrated Lye.....	87
Century Minor.....	31	Chromate of Gold.....	29	Condensed Milk.....	105
Cerasin.....	19	Chromate of Lead.....	35	Condition Powders.....	109
Cerates.....	66, 99	Chromate of Zinc.....	62	Confection, Official.....	67
Cereal Cream (Proprietary).....	99	Chrome Alum.....	10	Confections, Worm.....	99
Cereal Milk (Proprietary).....	99	Chrome Green.....	118	Conine.....	21
Cerealina.....	99	Chrome Yellow.....	119	Conium Leaf.....	86
Cerium.....	19	Chromic Acid.....	8	Conium Seed.....	55
Chalks.....	19	Chromium.....	20	Conyatrera Root.....	51
Chamomile Flowers.....	28	Chrysophanic Acid.....	8	Convallaria Flowers.....	28
Charcoal.....	19, 99	Chrysophanic Ointment.....	77	Convallamarin.....	21
Chaulmoogra Oil.....	40	Chrysorobin.....	20	Cooper's Gelatine.....	28
Chaulmoogra Ointment.....	77	Cigarettes (Proprietary).....	99	Cooper's Glue.....	29
Chelidonia.....	19	Cimicifuga.....	20	Copaiba, Balsam.....	13
Chelidony Root.....	42	Cinchona Bark.....	14	Copal.....	30
Chelonin.....	19	Cinchona Extract.....	25	Copal Varnish.....	119
Chemical Food, (Syr. Phos.).....	91, 112	Cinchonine.....	20	Copper.....	21
Chenopodium Seed.....	55	Cinchonidine.....	20	Copperas, (Iron Sulph).....	34
Cherries, Wild.....	19	Cincho-Quinine.....	20	Copper Paint.....	119
Cherry Bark.....	14, 115	Cinnamon.....	20	Coralline.....	100
Cherry Juice.....	34	Cinnamon, Ceylon.....	14	Cordial.....	67
Cherry Laurel Leaf.....	36	Citrate of Ammonium.....	11	Cordial (Proprietary).....	100
Cherry Laurel Water.....	61, 93	Citrate of Bismuth.....	16	Coriander Seed.....	55
Chestnut Leaf.....	36	Citrate of Caffeine.....	18	Corks.....	124, 125
Chewing Gum.....	99	Citrate of Iron.....	33	Corneura (Proprietary).....	100
Chewstick.....	19	Citrate of Iron & Cinchonidine.....	33	Corn Ergot.....	21
Chian Turpentine.....	60	Citrate of Iron & Magnesium.....	33	Corn Files.....	102
Chiloflo (Proprietary).....	99	Citrate of Iron and Quinine.....	33	Corn Fungus.....	21
China Clay.....	20	Citrate of Iron & Strychnine.....	33	Corn Solvent.....	111
China Root.....	50	Citrate of Kali.....	103	Corn Starch.....	58
Chinic Acid.....	8	Citrate of Lithium.....	76, 104	Cornin.....	21
Chinoidin.....	19	Citrate of Magnesia.....	37	Cornu Cervi.....	21
Chinoidin, Powd., Purif.....	19	Citrate of Magnesium.....	43	Corrector, (Proprietary).....	100
Chinolin.....	19	Citrate of Potassium.....	49	Corrosive Sublimate.....	39
Chionanthin.....	19	Citrate of Quinine.....	49	Coriscan Moss.....	40
Chinate of Quinine.....	49	Citrate of Sodium.....	57	Cortex.....	13, 14, 15, 115, 116, 117
Chiretta.....	31, 50	Citric Acid.....	77	Corundum.....	21
Chloralhydrate.....	19	Citrine Ointment.....	20	Corydalin.....	100
Chlorate of Barium.....	13	Citron.....	20	Cosmetine (Proprietary).....	100
Chlorate of Potassium.....	47	Civet.....	20	Cosmoline.....	100
Chlorate of Quinine.....	49	Clay.....	20	Cotin.....	22
Chlorate of Silicium.....	56	Cloverine (Proprietary).....	99	Cotton, Antiseptic.....	100
Chlorate of Sodium.....	57	Cloves.....	20	Cotton, Borated.....	100
Chlorate of Strontium.....	59	Coach Body Varnish.....	119	Cotton Gun.....	22
Chlorate of Trimethylamine.....	60	Coaguline (Proprietary).....	99	Cotton Lint.....	37
Chlor-hypophos. of Calcium.....	17	Coakum.....	115	Cotton Root.....	51
Chloric Acid.....	8	Cobalt.....	20	Cotton, Root Bark.....	14
Chloric Ether.....	23	Coca Leaves.....	38	Cotton, Styptic.....	100
Chloride of Ethyliden.....	10	Cocculus Indicus.....	20	Cowhage.....	22
Chloride of Aluminium.....	10	Cochineal.....	20	Cox's Gelatine.....	28
Chloride of Ammonium.....	11	Cochlearia, Herb.....	31	Crab Orchard Salt.....	54
Chloride of Antimony.....	12	Cocoa (Proprietary).....	99	Crabs' Eyes.....	22
Chloride of Arsenic.....	12	Cocoa Beans.....	15	Cramp Bark.....	14, 115
Chloride of Barium.....	13	Cocoa Butter.....	20	Crawley Root.....	51, 115
Chloride of Bromine.....	17	Cocaine (Proprietary).....	99	Cream of Tartar.....	22
Chloride of Calcium.....	17	Cocanut, Desiccated.....	99	Creasote.....	22
Chloride of Cerium.....	19	Codeine.....	20	Cresotinic Acid.....	8
Chloride of Chromium.....	20	Cod Liver Oil.....	42, 67, 105	Cresylic Acid.....	8
Chloride of Cobalt.....	20	Coffee, Acorn.....	99	Crimson Aniline.....	12
Chloride of Copper.....	21	Coffee (Proprietary).....	99	Crocas Antimony.....	12
Chloride of Ethyl.....	23	Cohosh Root.....	50, 115	Crocus Martis.....	33
Chloride of Ethyliden.....	23	Colchicia.....	21	Croton Beans.....	15
Chloride of Ethylidin.....	23	Colchicum Root.....	21	Croton Chloral.....	22
Chloride of Gelsemin.....	28	Colchicum Seed.....	55	Croton Oil.....	42
Chloride of Gold.....	29	Cold Cream.....	67, 99	Crystals (Proprietary).....	100
Chloride of Iodine.....	33	Colinssonin.....	21	Cubebine.....	22
Chloride of Iron.....	33	Colocynthinidin.....	21	Cubebic Acid.....	8
Chloride of Lead.....	35	Colocynthin.....	21	Cubeb.....	16
Chloride of Lime.....	37	Collodion.....	21, 67	Cubear.....	22
Chloride of Magnesium.....	38	Colloid, Styptic.....	67	Culver's Root.....	51, 115
Chloride of Nickel.....	40	Colman's Mustard.....	55	Cumin.....	22
Chloride of Palladium.....	45	Colocynth.....	21	Cumin Seed.....	55
Chloride of Platinum.....	47	Cologne Oil.....	77	Cundurango.....	14
Chloride of Potassium.....	47	Cologne Spirits, (Alcohol).....	10	Curare.....	22

Oxide of Uranium	60	Phosphate of Lithium	37	Psychine (Proprietary)	109
Oxide of Zinc	62	Phosphate of Magnesium	38	Ptelein	49
Oxide of Zircon	62	Phosphate of Manganese	38	Pulmonaria Herb.	32
Oxychloride of Bismuth	16	Phosphate of Mercury	39	Pulp, Tamarind	59, 39
Oyster Shells, Prepared	45	Phosphate of Potassium	43	Pulsatilla Herb.	12
Ozier Bark	15	Phosphate of Quinine	49	Pulvis Antimonialis	58
Paedotrophine	106	Phosphate of Sodium	58	Pumice Stone	56
Pain Remedies (Proprietary)	106	Phosphate of Strychnine	59	Pumpkin Seed	56
Paint (Proprietary)	106	Phosphate of Zinc	62	Purifier, (Proprietary)	109
Paints	118, 119	Phosphide of Calcium	18	Purple Aniline	12
Pale Loxa Bark	14	Phosphide of Zinc	62	Purpurin	49
Palladium	45	Phosphite of Zinc	62	Purity	119
Palmitic Acid	9	Phosphoric Acid	10, 66	Pyrogallie Acid	9
Panacea (Proprietary)	106	Phosphorous Acid	10	Pyroligneous Acid	9
Pancreatin	77, 106	Phosphorus	46	Pyrophosphate of Iron	34
Paparin	45	Phthalic Acid	10	Pyrotartaric Acid	9
Paper, Medicated (Proprietary)	106	Phytolacin	46	Quassa	62
Papier Fayard (Proprietary)	106	Piconitrate of Zinc	62	Quebracho Bark	15
Papoma	106	Picra Hiera	46	Quebracho Extract	27
Parabanic Acid	9	Picrate of Ammonium	11	Queen of the Meadow	52, 116
Paraffin	45	Picric Acid	11	Queens' Delight	116
Paracelsus (Proprietary)	106	Picrotoxine	46	Quercitron	15
Paratartaric Acid	9	Pil Hydrarg.	46, 78	Quenneve's Iron	34
Paraire Brava Root	52	Pills, Gelatine-Coated	78 to 88	Quillaya Bark	15
Paris Green	118	Pills, Proprietary	107	Quinamin	49
Paris White	119	Pills, Sugar-Coated	106	Quince Seed	56
Parsley Leaf	36	Pilules	108	Quinelixir	109
Parsley Root	52	Pineapple Juice	35, 78	Quinine	49
Parsley Seed	55	Pingwar-kar-Jambi	46	Quinine	49
Paste, Jujube	45	Pink Root	52	Quinidine	50
Paste (Proprietary)	106	Pipe Clay	20	Quinguinia	50
Paste, Tooth	106	Piperine	46	Racahout (Proprietary)	109
Pastilles (Proprietary)	106	Pistache Nuts	40	Rape Seed	56
Patchouli Flowers	28	Pitch, Burgundy	46	Rare Pills	107
Patchouli Herb	32	Pith, Sassafras	47	Raspberry Leaf	36
Patchouli Leaf	36	Plaster Calced	47	Raspberry Juice	35, 73
Paté de Nafé (Proprietary)	106	Plaster, Court and Corn	108	Raticide (Proprietary)	109
Patent Dryer	119	Plaster of Paris	47	Ravalenta, (Food)	109
Paulinia (Guarana)	29, 106	Plasters (Official)	88	Rkalgar	12
Peach Wood	62	Plasters (Proprietary)	108	Red Aniline	12
Pearl Barley	15	Plasters, Spread	47, 108	Red Arsenic	13
Pearl Starch	58	Platinum	47	Red Bark	14
Pearls of Amyl	106	Pleurisy Root	52	Red Chalk	19
Pearls (Proprietary)	106	Plumbago	47	Red Ink	106
Pectoral (Proprietary)	106	Podophyllin	47	Red Iodide of Mercury	116
Pectoral Flowers	28	Podophylotoxin	47	Red Oak Bark	14
Pelargonic Ether	23	Poke Berries	16	Red Ozier Bark	116
Pellets	106	Poke Root	52, 116	Red Paints, Dry and in Oil	118
Pellevoisin Brandy	17	Polish	109	Red Peruvian Bark	39
Pellitory Root	52	Polypody Root	52, 116	Red Precipitate	39
Pencils, Alum	10	Pomegranate Bark	16	Red Lead	118
Peony Root	52	Pond Lily Root	52	Red Saunders	62
Pepper	45	Poplar Bark	15, 116	Red Sulphuret Antimony	12
Pepper Sauce	111	Poppy Flowers	28	Red Tartar	50
Peppermint Cordial	67	Poppy Leaf	38	Red Wood	62
Peppermint Herb	32, 116	Poppy Seed	56	Regulator (Proprietary)	109
Peppermint Oil	43	Populin	47	Regulus Antimony	12
Pepsin	107	Porter, London	48	Renalia (Proprietary)	109
Pepsin, McK. & R.'s	77, 107	Port Wine	61	Relief (Proprietary)	109
Perchlorate of Potassium	48	Potash	47	Remedy (Proprietary)	109
Perchloric Acid	9	Potassa	47	Renewer (Proprietary)	110
Perchloride of Iron	34	Potassa Alum	47	Rennet	110
Perfumery Ext's., in bulk	24, 75	Potassium	47	Renovator (Proprietary)	110
Permanganate of Potassium	48	Potters' Blue	118	Resin	50
Permanganate of Sodium	58	Potters' Clay	94	Resin Copaiba	50
Permanganate of Zinc	62	Powdered Drugs	59	Resin Jalap	50
Pernambuco Wood	62	Powdered Strychnine	59	Resin Scammony	50
Pernitrate of Iron	34	Powders	48	Resolvent (Proprietary)	110
Peroxide of Barium	13	Powders (Proprietary)	109	Resorcin	50
Peroxide of Hydrogen	32	Powders, Seidlitz	48, 89	Resorvin	110
Peroxide of Lead	35	Powders, Toilet	109	Rhamnus Bark	15
Peroxide of Manganese	38	Powders, Tooth	109	Rhatany Root	62
Persian Berries	16	Prairie Weed (Proprietary)	109	Rhein	50

Rhigolene	110	Sassytrees Bark	15	St. Croix Rum	54
Rhubarb Root	52	Sauce, Pepper	111	Stearic Acid	9
Rhusin	50	Savin Leaf	36, 116	Stearin	58
Rice Flour	28	Scabish	116	Sticklac	31
Riga Balsam	13, 66	Scammony	30	St. Ignatius Beans	15
Rigollot's Mustard Leaves	104	Scammony Root	53	Stillingia Root	53, 117
Roast Beef, Borden's	98	Scarlet Aniline	12	St. John's Bread	15
Rochelle Brandy	17	Schnapps (Proprietary)	111	Stochas Flowers	28
Rochelle Salts	54	Scillitoxin (Proprietary)	54	Stone	58
Rock Candy	18	Scotch Ale	10	Stone Root	53, 117
Roll Sulphur	59	Scurvy Grass	32, 116	Stop Ache (Proprietary)	111
Roman Alum	10	Scutellarin	53	Storax	31
Roots	50 to 53, 115 to 117	Seal Oleum	111	Stroughton Bitters	68
Rosadalis (Proprietary)	110	Sea-Salt	54, 111	Strained Galbanum	30
Rose Leaves (Flowers)	28	Sea Wrack (Fucus vesic)	32	Strained Guaiac	30
Rose Pink	118	Sebacic Acid	9	Stramonium Leaf	36
Rose Water	61, 93	Sebacic Ether	23	Stramonium Seed	56
Rosemary Flowers	28	Sedative (Proprietary)	111	Stratena	111
Rosemary Leaf	36	Seed Lac	30	Strawberry Juice	35, 76
Rosolic Acid	9	Seeds	54	Strawberry Leaf	36
Rotten Stone	59	Seidlitz Mixture	48	Stillingin	58
Rouge, Jewelers'	53, 110	Seidlitz Powders	48, 89	Stronium	59
Rubiginosa Bark	14	Select Powdered Drugs	94	Strychnine	59
Rub it in Liniment	104	Selenic Acid	9	St. Vincent Arrowroot	12
Rum	54	Seleniate of Sodium	58	Styracin	59
Rum, Bay	15	Selenium	56	Styrax (Gum)	31
Rumin	54	Senecidin	56	Subacetate of Copper	21
Russian Licorice	52	Senegal	31	Subacetate of Lead	35
Russian Isinglass	34	Seneka	53	Subcarbonate of Bismuth	16
Ruthenium	54	Senna	36	Subnitrate of Bismuth	16
Sabadilla Seed	58	Serpentaria	53	Subsulphate of Iron	34
Saccharated Calcium	16	Sesame Oil (Benne)	44	Subsulphate of Mercury	39
Sadler's Mustard	55	Sequeichloride of Iron	34	Succinate of Ammonium	11
Saffron Flowers	28	Seven Barks (Proprietary)	111	Succinate of Iron	34
Sagapenum (Gum)	30	Seven Seals (Proprietary)	111	Succinate of Sodium	58
Sage	32, 36, 116	Seven Springs, Mass.	111	Succinic Acid	9
Sago, Pearl	54	Sheet Copper	21	Sucus (Juice)	35
Sagwa (Proprietary)	110	Shellac	31	Sugar of Lead	34
Sal Acetosellæ	54	Sideritis Herb	32	Sugar of Lemons	111
Salad Oil	43, 44	Silicate of Calcium	18	Sugar of Milk	59
Sal Enicum	54	Silicate of Potassium	48	Sulphate of Aconitine	10
Salep Root	53	Silicate of Sodium	58	Sulphate of Aluminium	10
Sal Epsom	54	Silicic Acid	9	Sulphate of Ammonium	11
Sal Glauber	54	Silicium	56	Sulphate of Atropine	13
Sal Muscatelle (Proprietary)	110	Silver, Preparations of	56	Sulphate of Barium	13
Sallein	54	Simaruba Bark	15	Sulphate of Beberine	15
Salicylate Ammonium	11	Sinapism (Proprietary)	111	Sulphate of Berberine	16
Salicylate Atropine	13	Skunk Cabbage Root	53, 116	Sulphate of Brucine	16
Salicylate Bismuth	16	Smalts	56	Sulphate of Cadmium	17
Salicylate of Caffeine	17	Smilacin	56	Sulphate of Caffeine	18
Salicylate Calcium	18	Snake Head	116	Sulphate of Calabarin	17
Salicylate Camphor	18	Snuff	56, 111	Sulphate of Calcium	17
Salicylate Cinchonidine	20	Soap	56, 111	Sulphate of Cerium	19
Salicylate Cinchonine	20	Soap Bark	15	Sulphate of Chromium	20
Salicylate Iron	34	Soap, Castile	56	Sulphate of Cinchonine	20
Salicylate Lithium	37	Soap Stone	59	Sulphate of Cobalt	20
Salicylate of Pilocarpine	46	Soapwort Root	53	Sulphate of Codeine	21
Salicylate of Quinine	49	Socotrine Aloes	29	Sulphate of Copper	21
Salicylate of Sodium	58	Soda	57	Sulphate of Daturine	22
Salicylate Physostigmin	46	Soda Powders	89, 122	Sulphate of Didymium	32
Salicylates (Proprietary)	110	Sodium	57	Sulphate of Hydrastin	32
Salicylic Acid	9	Solanin	58	Sulphate of Hyoscyamine	32
Sulleyine (Proprietary)	110	Solid Extracts, all kinds	24, 75	Sulphate of Indigo	32
Sulleyous Acid	9	Solomon's Seal	53, 117	Sulphate of Iron	35
Saline, Pyretic	110	Soluble Blue	118	Sulphate of Lead	35
Sal Nitre	54	Soluble Glass	58	Sulphate of Lithium	37
Sal Prunelle	54	Soluble Tartar	43	Sulphate of Magnesium	38
Sal Rochelle	54	Solution	58, 90	Sulphate of Manganese	38
Sal Soda	54	Solvent (Proprietary)	111	Sulphate of Morphine	40
Salts	54	Sorrel Herb	31	Sulphate of Nickel	40
Salts, Effervescent	110	South Am. F. & A. Remedy	110	Sulphate of Pilocarpine	46
Salts of Lemon	90, 110	Szododint (Proprietary)	111	Sulphate of Potassium	48
Salts, Smelling	89	Spanish Brown	118	Sulphate of Quinidine	48
Salve (Proprietary)	110	Spearment Herb	32	Sulphate of Quinine	49
Sandal Wood	62	Species, Aromatic, &c.	58	Sulphate of Rubidium	54
Sandarach	30	Specific (Proprietary)	111	Sulphate of Silver	56
Sanguanaria	53	Spermaceti	58	Sulphate of Sodium	58
Sanguinarin	54	Spice Bush	117	Sulphate of Strontium	59
Sanguis Draconis	53	Spigelia Root	53	Sulphate of Strychnine	59
Sanguis Exsiccat	54	Spikenard Root	53	Sulphate of Thallium	60
Sanicle Root	53	Spirits	58, 90	Sulphate of Uranium	60
Santonica	56	Spirits of Ammonia	53, 80	Sulphate of Veratrine	60
Santonin	54	Spirits of Nitre	58	Sulphate of Zinc	62
Saoria	54	Spring Blossoms (Prop'y)	111	Sulphide of Ammonium	11
Sapofo (Proprietary)	110	Spruce Gum	31	Sulphide of Barium	13
Sapollo (Proprietary)	110	Spunk	58	Sulphide of Cadmium	17
Saponaria (Soapwort)	53	Surge	117	Sulphide of Calcium	18
Saponax (Proprietary)	110	Squaw Root	117	Sulphide of Copper	21
Saponifer (Lye)	37	Squill Root	53	Sulphide of Lead	35
Saponin	54	Stannate of Sodium	58	Sulphide of Silver	56
Sarsaparilla	53, 116	Star Anise Seed	54	Sulphide of Sodium	58
Sarsaparilla (Proprietary)	110	Stargrass	53	Sulphide of Zinc	62
Sassafras Bark	47	Star Root	117	Sulphite of Ammonium	11
Sassafras Nuts	40	Starch	58	Sulphite of Lime (Calcium)	18
Sassafras Pith	47	Stavesacre Seed	56	Sulphite of Magnesium	36

McK. & R. OLEATES.

We are prepared to furnish these useful substitutes for ointments in any desired quantity, and can guarantee exact strength and certainty of effect, as none but the purest medicinal agents are used in their preparation. In their effects they appear to be more prompt and certain than ointments. Our present list can be found on page 77, but any desired kind will be manufactured to order at short notice.

McK. & R. SCALE PREPARATIONS.

We now manufacture Citrate of Iron; Citrate of Iron and Quinine, U. S. P., (12% Quinine, reddish), and Soluble (10% Quinine, greenish); Pyrophosphate of Iron, etc., in large quantities, and, what is very important in the quinine preparations, we can guarantee both appearance and full percentage. Our extensive quinine manufacture gives us facilities in the production of these important preparations, and the ability of our analytical chemists in analysis insures the quality.

McK. & R. POWDERED EXTRACTS.

Powdered extracts are a great convenience to the druggist, both in making up pill masses and in dispensing. The great difficulty has been in getting thoroughly reliable powders of assured strength and purity. These we do not hesitate to offer as of the exact strength of the solid extracts in mass, which they represent, grain for grain. Our appliances for evaporating *in vacuo*, and our system of assay make them at once the safest and most convenient of preparations of this class.

McK. & R. PURIFIED SALTS.

The demand for granulated salts of perfect purity for medicinal use, which would in all cases be found perfectly reliable, has led us to manufacture, in our own laboratory, some of the more important of these, which are put up in one-pound cans and protected by our label.

Ammonium, Muriate, McK. & R. purif. and gran., for prescription use,	1 lb. cans,	lb. 28c
Copper, Sulphate,	" "	" " 1 lb. cans, lb. 30c
Lead, Acetate,	" "	" " 1 lb. cans, lb. 40c
Potassium, Chlorate,	" "	" " 1 lb. cans, lb. 35c
Zinc, Sulphate,	" "	" " 1 lb. cans, lb. 25c

McKesson & Robbins' Ergotin,

(FOR HYPODERMIC USE.)

Made with the Most Scrupulous Care. Price, \$1.50 per Ounce.
SPECIFY McKESSON & ROBBINS' HYPODERMIC ERGOTIN.

McKESSON & ROBBINS' PURE FRUIT JUICES.

DILUTE BEFORE USING. SEND FOR CIRCULAR.

BLACKBERRY, PINEAPPLE, RASPBERRY AND STRAWBERRY.

In Quart Champagne Bottles; Price, \$8 per Doz.

In 1 Gallon Demijohns, \$3 per Demijohn; in 2 1-2 Gallon Bottles, \$6 per Bottle; in 5 Gallon Kegs, \$13 per Keg.

CONCENTRATED ESSENCES—For List and Prices, see Page 69.

McKesson & Robbins' Camphor Ice with Glycerine

WILL RELIEVE CHAPPED HANDS AND LIPS.

PRICE, \$1.50 A DOZEN; RETAILS 25 CENTS A BOX.

McKESSON & ROBBINS' Chlorate of Potash Lozenges.

Price, \$4.50 a Dozen; Retails 50 Cents a Bottle.

McK. & R. POWDERED DRUGS.

It seems highly proper to place a list of some of the most important powdered drugs in our catalogue of pharmaceutical preparations, because the selection and garbling of the crude drug and its reduction to a powdered form make a *preparation* of the powder, and as such it should carry the label of the producer as a guarantee of its purity, the same as a bottle of Quinine or Fluid Extract. The extra cost of 25 cents for 1 lb. bottles has been objectionable, and we have recently adopted 1 lb. square tins as containers, and prices quoted below, which will be subject to market changes, include the cans, the increased cost for which is trifling. These cans are very slightly and make neat and attractive shelf packages.

Powdered Cinchona Barks and Powdered Opium will be labeled with their respective assays, and upon the labels of Powdered Ergot and Powdered Narcotic Leaves will be stated the year that the crudes were gathered.

Other powders than those here quoted will be furnished, of guaranteed purity, upon application. Our desire is to have the trade order the following powders in 1 lb. cans only, and on that account we have merely added the increased cost, figured down to the lowest basis.

All powders sent out by us, in cans bearing our label, are guaranteed by us.

Specify McKesson & Robbins' powders in pound cans.

Ammonium, Muriate, McK. & R., purified and granulated, for prescriptions	lb.	28
Aromatic Powder	lb.	1 60
Bark, Cinchona, Bolivia, 3% total alkaloids	lb.	1 10
" " Calisaya, 6% total alkaloids, over 2% being quinine	lb.	1 90
" " Cuprea, 4% total alkaloids, over 2% " "	lb.	1 35
" " Red, true, 8% total alkaloids, over 2% " "	lb.	1 90
" " " R 3% total alkaloids	lb.	1 10
Berries, Cubeb (coarse powder)	lb.	1 10
Cantharides	lb.	2 90
Cloves	lb.	35
Colocynth, Pulp (freed from seeds)	lb.	2 30
Copper, Sulphate, McK. & R., purified and granulated, for prescriptions	lb.	30
Cream of Tartar	lb.	45
Dover's Powder, U. S., 1870, with Powdered Sulphate Potassa	lb.	1 10
" " 1880, with Powdered Sugar of Milk	lb.	1 25
Ergot	lb.	75
Extracts, Solid, see Solid Extracts, Powdered, page 75.		
" Licorice, Calab. True	lb.	50
Flowers, Red Rose	lb.	2 75
Guarana	lb.	2 90
Gum Aloes, Socotrine	lb.	70
We call special attention to our <i>Purified Socotrine Aloes</i> (not powdered), which we consider a better form for general use, see page 66.		
Gum Arabic, first select	lb.	60
" " granulated	lb.	60
" Asafetida. We do not advise the powdered form for this article, as the heat, necessarily used in powdering the best grades, affects the quality, while the grades which are easily powdered are deficient in strength. We advise the use of <i>Purified Asafetida</i> , see page 66.		
Gum, Gamboge	lb.	95
" Kino	lb.	45
" Mastic	lb.	1 65
" Myrrh	lb.	55
